New Health is committed to improving the way healthcare is delivered

New Health was founded to assist health care providers and payers become more efficient through the use of software systems and data analysis. Our team is made up of experienced consultants in health care with each consultant averaging over 20+ years of experience in the leadership and development of commercial, federal, state, and local health care policy. New Health's broad experience focuses on Medicaid and commercial enterprise healthcare systems. We are currently a Disabled Owned Business Enterprise, a SBA 8(a) certified business and have Disadvantaged Business Enterprise status in many states.
