Smart Rewards provides a range of ways to get the best deals:

1. **Cashback:** You spend money at a retailer and they pay cashback into your Smart Rewards account, which you can then use on future offers, or withdraw to your personal bank account.
2. **Online:** Simply click through to your retailer and you'll save automatically on your purchase either by cash back being added to your account, a discount being automatically applied or by using a code at check out.
3. **Storecards:** You load up a digital or physical card with prepaid credit at a discounted price, before you shop.
4. **Digital MasterCard:** Your balance will be paid on a MasterCard meaning you can spend your money anywhere in the world.
