

SASCHA WEISZ aka MEGABLAST (Makossa & Megablast, Soy Como Soy, Ibiza/Vienna)

Sascha Weisz has been making musical waves for some time now with his unique take on House music, influenced by elements of World music , Techno and Electronica. As Producer and one part of Vienna Electronic Dub Duo Makossa & Megablast he is a master of mixing Latin looseness, Afro-centric grooves and Baile beats with the more structured format of House and Techno.

After releasing their debut album “Kunuaka” on Kruder & Dorfmeister`s G-Stone label 2007 he produced numerous tracks and remixes for artists like Parov Stelar, Nicolette and labels like Compost, Man Recordings and Great Stuff.

2010 they dropped a truly timeless underground club anthem ft. Cuban Singer “Cleydys Villalon”: “Soy Como Soy” (“I am what I am and I am not going to change”)
Even Luciano, Booka Shade, Loco Dice, Ricardo Villalobos, Sven Väth etc. played and danced along to this confident and strong slogan which was a huge hit in Ibiza and all over the world, which was followed by a dope package of remixes from Dj Koze & Luciano, released on DJ Hell`s International DeeJay Gigolo Records 2011.

As Weisz2 Sascha pairs up with his younger brother Andreas Weisz with an aim to fuse electronic production with elements of World music. Together their excellent first release "El Vagabundo" won acclaim from the likes of Giles Peterson, Rainer Trüby, Parov Stelar, Butch, Luna City Express etc

Their new release "Ko Si Eda To Mola" reached Austrian Fm4 Charts Top 20 and got remixed by Innervisions affiliate Henrik Schwarz.

Meanwhile Sascha moved to Ibiza where he is hosting a weekly Radio Show on Ibiza Global Radio together with his brother Andreas Weisz and label mate Claudio Ricci.
