

## **After Flow Festival 2013, District MTV UK commented “Noah Kin is going to be the next big thing in hip-hop”.**

Noah Kin, born 1994, is a Finnish-Nigerian rapper and producer from Helsinki. Already an established artist in Finland, the single releases from his latest album “Now You See” have been attracting attention from outside his home country and despite his young age he has already performed in the UK, Germany, Norway, Austria, Switzerland, Estonia and in Eurosonic 2014 - where he got picked as one of the **top 5 performers of Eurosonic** by Switzerland’s radio SRF Virus.

Noah Kin got signed on the independent label Cocoa Music for his third solo album in 2014. He has since been featured on well known online medias such as **Noisey/VICE, Ja Ja Ja, The Line Of Best Fit** and **District MTV** as well as on TV and radio in Germany, France and Belgium. Noah has opened for **Wiz Khalifa, Kendrick Lamar** and **Earl Sweatshirt** and performed alongside the legendary Oakland rap group The Coup in Finland.

His latest album introduces a world of original and eccentric sound that has its roots deep in modern electronic beats. Noah Kin has broadened his interpretation even wider and the album features diverse styles and rapping and singing from the artist. The album moves from the beautifully moody soundscapes of tracks such as "Calm" and the very personal "My Road" to the aggressive styles of the video singles "822" and "RBLS", a style which Noah Kin particularly excels in: sharp rapping and his modern tone of voice.

## Press quotes

*Undeniably the hottest rapper in Finland right now, the Helsinki-based musician has opened for the likes of Kendrick Lamar and Earl Sweatshirt, and it's no surprise. His talent is beyond his age; the 20-year-old sports serious chops in his flow and the fact he already has two albums behind him beckons the question: "What's this guy going to be up to in a couple of years?"* – **Pigeons and Planes**

*Another artist that I think is really exciting is a Finnish rapper called Noah Kin. He's 19 (20) years old but he's just released his third album. And he is so eloquent and he's got such clever ideas about - not just about his lyrics, but about the production of his rap music as well.*

– Francine Gorman on **BBC Radio 1**

*Noah Kin is going to be the next big thing in hip-hop.* – Georgina Langford, **District MTV**
