Item 17 – Rights issue

The Board of Directors proposes that the Meeting approves the Board's decision of 5 March 2019 to increase the Company's share capital by a maximum of SEK 1,138,112.30 through a new issue of a maximum of 22,762,246 shares to existing shareholders with preferential rights according to the following terms (the "Rights Issue").

The company has received subscription commitments from a number of shareholders who have undertaken to subscribe for their respective shares of the Rights Issue. In addition, the shareholders and certain other persons have undertaken to subscribe for shares in the Rights Issue (in the capacity of issuers) (if otherwise not fully subscribed). Submitted subscriptions and underwriting guarantees correspond to 100 per cent of the total issue amount.

1. Record date for determining which shareholders are entitled to subscribe for shares in the Rights Issue with preferential rights on April 8, 2019.
2. Anyone registered on the record day as a shareholder in the Company's share register maintained by Euroclear Sweden AB shall have preferential rights to subscribe for new shares in the Rights Issue in relation to the number of shares it previously owns. One (1) existing share gives one (1) subscription right and two (2) subscription rights entitle the holder to subscribe for three (3) new shares in the Rights Issue.
3. The subscription price amounts to SEK 0.57 per share.
4. In the event that not all shares have been subscribed for with the aid of subscription rights, the Board, within the framework of the Rights Issue, shall decide on the allocation of shares that have been subscribed without the support of subscription rights. Such allocation shall primarily be made to subscribers who have subscribed for shares on the basis of subscription rights, irrespective of whether they were shareholders on the record date or not, and in case of oversubscription in relation to their subscription with the support of subscription rights in the Rights Issue and, to the extent that this cannot be done, by lottery. In the second instance, allotment of the remaining shares shall be made to underwriters in accordance with the terms and conditions for the respective issue guarantee.
5. Subscription of shares with the support of subscription rights shall be made through simultaneous cash payment during the period from April 10, 2019 to April 24, 2019.
6. Subscription of shares without the support of subscription rights shall take place on a special subscription list during the same period as stated in paragraph 5. Payment for such subscribed shares shall be paid in cash no later than two (2) banking days after the settlement note that indicates notification of allocation is sent to the subscriber.
7. Subscription of any remaining shares, when it is a question of subscription under an issue guarantee, shall be made on a special subscription list no later than three (3) banking days after the end of the subscription period. Payment for such subscribed shares shall be paid in cash no later than two (2) banking days after the settlement note indicating that the allocation has been sent to the guarantor.
8. The Board of Directors shall have the right to admit that payment for subscribed shares takes place through set-off in retrospect in accordance with Chapter 13, Section 41 of the Swedish Companies Act.
9. The Board shall have the right to extend the time for subscription and payment.

10. The new shares shall entitle to dividends for the first time on the record date for dividends that occur after the new shares have been registered with the Swedish Companies Registration Office and have been introduced into the share register maintained by Euroclear Sweden AB.
11. The rights issue requires a change in the Articles of Association.
12. The Managing Director, or who the Board appoints, shall be entitled to make the minor adjustments to the decision that may prove necessary in connection with registration with the Swedish Companies Registration Office.

Item 18 – Share issue authorization

The Board of Directors proposes that the Meeting resolves on an authorization for the Board of Directors to, with or without deviation from the shareholders' preferential rights, on one or more occasions until the next Annual General Meeting, decide on a new share issue, issue of warrants and / or convertibles in the Company.

The authorization may be used to issue a maximum of 3,793,707 shares (regarding warrants and convertibles, upon full exercise of these, and before any conversion according to its terms). The number of shares that the authorization covers corresponds to 10 percent of the number of shares in the Company after the rights issue has been completed.

Payment for subscribed shares, warrants or convertibles may be paid in cash, by set-off or by subordinated debt or on terms referred to in Chapter 2. Section 5 of the Companies Act.

The purpose of the authorization and the reasons for a possible deviation from the shareholders' preferential right is to enable further financing of the Company's operations, to finance company acquisitions or acquisitions of businesses or assets, to be able to issue the said instruments as remuneration in such acquisitions and in the company strategic collaborations, to enable emission to industrial partners and to broaden the shareholder group.

The CEO, or who the Board appoints, may make the minor adjustments in the decision required for the decision of the decision at the Swedish Companies Registration Office.

Special majority requirements

Decisions pursuant to paragraphs 16 and 18 are valid only if they are supported by shareholders with at least two-thirds of both the votes cast and the shares represented at the meeting.
