The following announcement is issued by the company for release to the market.

**ADACEL BUILDS EUROPEAN MARKET POSITION WITH ITALIAN  
CONTRACT VALUED AT UP TO \$15 MILLION**

Adacel has been awarded a contract valued at approximately \$8 million (approximately €5 million) with options for an additional value of up to approximately \$7 million (more than €4 million) to supply Air Traffic Control simulators to Italy's air traffic authority, ENAV (Ente Nazionale de Assistenza Al Volo).

Under the base contract, Adacel will supply multiple 270-degree ATC Tower simulators to be installed at ENAV's Forli facility. The options are for additional tower and ARTT Radar simulators.

The latest order follows a \$4 million contract awarded last year by ENAV and further builds Adacel's position in the European market.

The attached News Release provides additional information.
