New International Customer: Contract for Delivery of Systems and Services into Central America

Melbourne, July 14, 2017 – Adacel Technologies Limited (ASX: ADA) (**Adacel** or the **Company**) is pleased to announce that it has won a contract to supply multiple simulation and training systems plus the provision of services to a new military customer in Central America.

The contract is valued in excess of A\$4.2 million and provides for the delivery and turnkey installation of a 360-degree Air Traffic Control (ATC) Tower Simulation System (TSS), ATC radar and Air Defense Training simulators, and Adacel's ICE communication and phraseology training systems. Adacel will also provide support and onsite training for personnel involved in systems operation, maintenance and scenario preparation for an initial period of two years. Systems installation is anticipated to commence in September 2017 and will be largely complete by 31 December 2017.

Adacel Chairman, Peter Landos said, "We are excited to be working with another new international military customer and look forward to expanding our relationship over the long term".

Adacel's Appendix 4E and Annual Report for the twelve month period ended 30 June 2017 is expected to be released on or around 25 August 2017.
