## **ASX ANNOUNCEMENT**

31 January 2006

Company Announcements Office  
Australian Stock Exchange

The following announcement is issued by the company for release to the market.

### **A\$1 MILLION US FAA SIMULATOR DATABASE SUPPORT**

Adacel is to provide simulation visual databases, aircraft models and pseudo-pilot stations valued at around A\$1 million (around US\$800,000) for the US Federal Aviation Administration's air traffic controller training program.

These additions to the Adacel tower simulators that FAA recently purchased from Adacel will significantly enhance the effectiveness of the FAA's training program.

Once completed, Adacel will have provided the FAA with a total of 12 airport databases for the tower simulators that are planned to be installed at the Chicago, Miami and Ontario airports, as well as additional aircraft models and pseudo-pilot stations.
