The following announcement is issued by the company for release to the market.

ADACEL SUPPLIES ANOTHER SIMULATOR TO THE MIDDLE EAST

Adacel has been awarded a \$1.3 million contract to supply an air traffic control training simulator to the Middle East. The latest contract comes less than one month after the announcement of a \$2.5 million contract for Saudi Arabia.

Under the latest contract, Adacel will supply a 225 degree full scale tower and radar simulator featuring advanced weather effects and military operations.

The contract further builds Adacel's position in the Middle East market.
