

# CALL FOR PROPOSALS

Design

Talks

## Design Talks NYC is a curated community based program in celebration of NYCxDESIGN

Sharing the thoughts, goals, challenges and responsibilities of design today for the enhancement and improvement of our future. We feature insightful design thinkers, thought leaders and experts of all design disciplines and a wide range of pertinent current issues. For 2020, we encourage a focus on sustainability and future cities.

### Speakers must be inspiring and topics relevant, and may include:

- What concerns designers today and how design can save the world
- The effects of design on everyday life and how it is shaping our future
- The relationship between design and community
- What's in the pipeline in technology and future innovations

### The formats we seek are:

- Group panels
- One-on-one interviews
- 20-minute solo presentations

### Your proposal must include:

- Design Talk title
- Brief topic description
- Suggested speaker(s)
- Moderator (if necessary)
