

West Bletchley Council are aware of on-going funding shortfalls for local voluntary organisations and community groups due to the current national covid-19 restrictions. This Council would like to offer the opportunity for these groups to apply for financial aid to help cover financial deficit while normal income generation is not possible.

You will need to be able to provide the following to be considered for any financial aid.

- A copy of your constitution or a set of rules for your organisation
- Information about your finances, audited accounts or income and expenditure records for the last financial year.
- Details of core costs, the financial deficit and how the money would be spent.
- A list of names and addresses of your management committee (for information purposes only)
- Relevant policies e.g. equalities, child protection/safeguarding, etc.

To discuss the possibility of applying for financial aid from West Bletchley Council please contact the Deputy Clerk on 01908 648257 or email beth.dove@westbletchleycouncil.gov.uk
