April 2021

Ref: Bank Holiday working and road/footpath closures

Dear Neighbour,

Upcoming works in Bletchley

East West Rail Alliance would like to inform you of works which are taking place in Bletchley. Works will consist of lifting and placing the precast reinforced concrete bridge beams to support the two ends of Bletchley flyover using several cranes positioned in the compound adjacent to Water Eaton Road.

These works are only permitted to be undertaken when the West Coast Main Line is closed due to the proximity to the operational railway.

Works will be taking place 24hrs a day whilst the West Coast Main Line is closed over the May Bank Holiday. The dates are as followed Saturday 1st May to Tuesday 4th May.

There will be staff on site before and after these start/end times, mobilising and demobilising plant and equipment.

Contingency dates have also been arranged should they be required. These are as follows:

- **8th May - 11:00pm to 6:00am**
- **5th May - 11:00pm to 06:00am**
- **22nd May - 11:00pm to 06:00am**

Buckingham Road closure

Buckingham Road will be closed from Monday 7th June to Monday 19th July 2021. This is to enable the installation of concrete beams that will support the new flyover. Health and safety to the public and our workforce requires the road to be closed when the lifting crane is setup on both sides of the carriageway.

Bus services will be diverted, a notice has been placed at Buckingham Road bus stop and Bletchley bus station.

A temporary traffic management diversion will be in place throughout the works for vehicles.

Buckingham Road footpath closure

Buckingham Road footpath will be closed from Friday 25th to Sunday 27th June 2021, this is to allow us to lift concrete beams over the footpath. During the footpath closure we will provide a free shuttle bus during these dates.

For more information on the closure please check: <https://one.network/>

We appreciate that these works are disruptive, and we are doing what we can to reduce the impact. Although this work is essential, we would like to apologise in advance for any disturbance it may cause.

Information regarding our work can be found in our quarterly newsletters. Please email: publicinformation@ewralliance.co.uk and you will be added to our mailing list.

If you have any questions or concerns, please visit www.networkrail.co.uk/communities or telephone our 24-Hour National Helpline on 03457 11 41 41.

Yours sincerely

Lesia Kozlowsky
