Dementia Information and Support Service

The Milton Keynes **Dementia Information and Support Service** is here to support people with dementia, people with memory concerns and their carers.

Dementia Support Workers are experienced, trained Alzheimer's Society staff who can give information, practical advice, tips, and strategies as well as signposting to legal and financial support, based on your personal circumstances and support needs. Support, information and guidance are delivered by phone, email, and by online and/or face-to-face visits.

The Alzheimer's Society office in Milton Keynes has now closed but we can still be reached by calling the **Dementia Information and Support Service** on: **01908 669404 / 01908 232612** or emailing us at MiltonKeynes@alzheimers.org.uk

The Companion Call service was started during the Coronavirus pandemic. This is a service for anyone who usually accesses Alzheimer's Society services and would like a friendly chat. The informal calls are made by trained volunteers who call on a regular basis. **If you would like to know more about Companion Calls, please call 01908 669404.**
