

# SEASIDE DENTAL

DR. MINGER & DR. MEADOWS  
DENTAL PRACTICE WELL-BEING

## TRAINING OUR TEAM

- ✚ We have created a new office protocol, before coming to work, at work, and after work. All recommendations are to ensure our team comes to the office and returns home healthy.
- ✚ Our team will practice with the appropriate PPE , personal protective equipment, while taking good care of our patients.
- ✚ We have always been proud to provide dental care in a clean environment utilizing PPE and been committed to taking a higher level of care. Although during these times, we have enhanced PPE and you will see that at your upcoming appointments.

TO OUR PATIENTS...  
BEFORE AND DURING YOUR PROCEDURE

- ✚ Please wear your facial covering or mask as you come to the office.
- ✚ Please wait outside in the courtyard for an assistant to greet you for your appointment.
- ✚ Your temperature will be taken and you will fill out a screening form before each visit.
- ✚ You will be given a pre-rinse before you sit down and be asked to wash your hands or use the hand sanitizer station in each room.
- ✚ Special precautions will be taken to avoid aerosols during procedures.
- ✚ You will see our medical grade air-purifiers placed throughout the office.

- 
- ✚ We will be scheduling differently for awhile to allow for social distancing in the office and allowing less patient to patient contact.
  - ✚ We will prioritize high risk patients so they will have little to no contact with others.
  - ✚ If a patient is accompanied , their escorts will need to remain in the car or can be seated outside in the courtyard area.
  - ✚ Frequent sanitizing of reception area, restroom, door handles, tables and light switches will be performed during the day.
  - ✚ At the front desk you will see a plexiglass barrier and be asked to stand behind to complete checkout.
  - ✚ All receipts, future appointments, and correspondence will be emailed directly to you.

OUR GOAL IS TO PROVIDE YOU WITH A
