VALUE PROPOSITION

Our commitment to you...

- We will work directly with your HEDIS department
- Having direct and unlimited access to our pharmacists
- Eliminating gaps in therapies
- Monitoring ACE/ARB and diabetes patients
- Meeting STATIN measures
- Administration of flu shot
- Completing post-discharge medication reconciliation

RISK MANAGEMENT

And MEDICATION ADHERENCE

Our risk management team will work with you to review the adherence and compliance of your patients, their medication regimen, and the prescribing methods and trends of all of your patients' healthcare providers.

Our on-going adherence and compliance monitoring ensures that your patients receive all of their prescriptions as prescribed and understand how to adhere to it to limit the risk of adverse health events.
