

## **Assisted Living residences provide security and independence**

As people grow older, many find themselves struggling with day-to-day tasks that used to come easily. That is why our residents are often relieved to find how much more they enjoy life once they are free of these burdens.

At Lawrence Presbyterian Manor, we believe that everyone deserves a chance to pursue their own interests and enjoy life to its fullest. That is why we have designed our assisted living apartments to enhance independence and freedom. Our community is a thriving, vibrant place where residents can be active, engaged and devoted to friends, family and the things they love every day. Our friendly, skilled staff will provide a variety of additional services upon request, such as laundry, bathing and medication assistance.

Because we realize that every resident is unique, our services are designed to meet each individual's specific needs and can be adjusted as needs change. We regularly review each resident's care plan to monitor whether additional services and ongoing support are needed.

## **A great place to call home**

Our comfortable accommodations are designed to make residents feel at home, while providing privacy and 24-hour access to support services.

Living well is a priority at Lawrence Presbyterian Manor. That is why our inviting, well-maintained campus is designed as a peaceful retreat, providing plenty of space to spread out. Residents also enjoy a wide range of amenities only steps from their doors, including a dining room, hair salon, recreation room, library, weekly spiritual services, and transportation for shopping, appointments or cultural events at the nearby University of Kansas. They also receive priority access to our health care center if they need a higher level of care.
