

# STAY SAFE

## VISITOR REQUIREMENTS

*To prevent COVID-19 and to protect the health and safety of our residents and staff, we will require you to adhere to these safety measures when visiting our community.*

### Handwashing

Use alcohol gel or wash hands when entering the building.

### Mandatory Masking

Face mask use is required. **You will be given a mask at entry.** No cloth or home-made mask allowed.

### Health Screening

You'll be temperature-screened and questioned about health status, COVID symptoms and exposure.

### Social Distancing

Remain 6 ft. apart – no hand-shaking, hugging or kissing

## SCHEDULED VISITATION ACCESS\*

\*Unless prohibited by local health department.

*Visitation will be determined by the presence of COVID-19 on campus and the county positivity rate for COVID-19 testing. Outdoor visitation is preferred, weather permitting and resident appropriate. During periods of Medium risk, indoor visitors will be required to provide proof of a negative COVID-19 test within 2-3 days prior to visiting the community.*

**All visits must be scheduled in advance with no more than 2 visitors per resident at one time.**

**Outdoor visits preferred – weather permitting.**

### Visitation will be suspended:

- If a resident or employee tests positive for COVID-19, no matter the county positivity rate.
- If the campus has a positive, it must go 14 days without a new positive in order to re-start indoor visitation.

### HIGH RISK ▲▲▲

>10% county positivity rate

- No COVID on campus
- Outdoor visits allowed
- Indoor visits limited to compassionate care with negative COVID-19 test

### MEDIUM RISK ▲▲

5-10% county positivity rate

- No COVID on campus
- Outdoor visit allowed
- Indoor visits allowed with negative COVID-19 test

### LOW RISK ▲

<5% county positivity rate

- No COVID on campus
- Outdoor visits allowed
- Indoor visits allowed

# STAY SAFE

## KNOW BEFORE YOU GO

*As we begin to reopen, we are keeping several of our COVID-19 policies in place for the continued health and safety of our residents and employees.*

**Please call in advance to schedule your visit. The campus may limit number of visitors and set time parameters.**

### **NO VISITATION WHEN:**

-  **You have a fever.**
-  **You have any symptoms of COVID-19.**
-  **You haven't had a negative COVID-19 test within the past 2-3 days. (For visitation during High and Medium Risk levels)**
-  **You have been exposed to an infected person in the past 14 days.**
-  **You're unable to practice proper infection control.**

## SYMPTOMS OF COVID-19

### **Who is at risk?**

- Anyone can have mild to severe symptoms.
- Older adults and people who have severe underlying medical conditions like heart or lung disease or diabetes seem to be at higher risk for developing more serious complications from COVID-19 illness.

### **Watch for symptoms**

People with COVID-19 have had a wide range of symptoms reported – ranging from mild symptoms to severe illness.

Symptoms may appear 2-14 days after exposure to the virus. People with these symptoms may have COVID-19:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

*\*This list does not include all possible symptoms. CDC will continue to update this list as we learn more about the virus.*
