

Health Care Services

Care and services that honor and respect your choices

At Lawrence Presbyterian Manor, our goal is to provide an environment that promotes residents remaining as independent as possible, and to help them make the most out of every moment — physically, socially and spiritually. Here, you will be free to make your own choices, so you can maintain control of your life, while getting the help you need.

Professional care with a compassionate touch

Our caring staff often becomes an extension of each resident's family, providing friendly, personal attention while building lasting relationships that help residents feel at home. With support, residents have the opportunity to pursue their interests to the extent their abilities allow.
