

Covid-19 Safety Procedures

The following is an updated list of how Expressions Dance Academy plans to implement Covid 19 protocols for the 2021-2022 dance season. Please note that this is an ever-changing situation and this page will be updated as needed throughout the year.

If you have any questions or concerns with this information, please e-mail the studio directly or call with your concerns. The health and well-being of our students and their families is our top priority. We had an extremely safe and productive dance season last year, and will continue to put health of our dancer family first!

Guidelines:

- Masks will be optional. This will be assessed throughout the dance year.
- We will still have all dancers use hand sanitizer upon entering the studio.
- Please keep your dancer home if they are feeling ill. This includes cough, shortness of breath, muscle aches, chills, fatigue, fever, changes in sense of taste and smell.
- No travel restrictions.
- Expressions Dance Academy will continue to practice enhanced sanitizing of the studio on a regular basis.

Waiting Room

Last year we kept the waiting room closed to parents/guardians. We will be keeping the same policy for the upcoming dance season.

Please simply drop your dancer off for the start of their class, and pick them up when they are done for the night. For pick-up we ask that dancers 12 and under have a parent come to the door for dismissal. Once we see you, we will have them come to you. If you have a little one that is nervous you are more than welcome to bring them in.
