

THE PLANT STUDIO COPENHAGEN

ASIA PACIFIC
EUROPE
MIDDLE EAST
NORTH AMERICA

Welcome to the Plant Studio in Copenhagen! We are ready to facilitate your virtual event and let you communicate with your audience, no matter where they are in the world.

All made possible through live secured streaming, custom made interaction and on-demand technology. Our stylish and multi-functional studio includes high-res displays to showcase your message or unique branding. Various set designs enhance the visual experience, while our ready-to-use technology offers interactivity and live communication with your worldwide audience. The Plant Studio Copenhagen offers the technology and trained professionals to stream the production to your website, social media platforms or secured landing pages in real-time and on-demand. The studio may be used as a hybrid event studio, which means that a small live audience can participate on-site, while the main portion of the audience follows the event virtually online.

We offer:

- A fully equipped creative studio - ready to use
- Full HD 1080P production
- Live stream and/or on-demand webcast
- Trouble-free functionality on all viewer devices
- Interactive tools to communicate live with your audience
- Live link connections to additional geographic locations
- Professional support from planning to distribution
- Comfortable facilities

Only with Creative Technology:

- Full data analytics
- NEP Global connectivity
- All on one platform solution
- tecViz Software*

GLOBAL REACH - LOCAL TOUCH

**tecViz Software is fully owned and developed by the Creative Technology Group.
