

Terenure
Nursing Home

Stories from October 2020

Meet **Norman**

We made our Scarecrow, Norman, for the garden.

Baking Time

We baked some tasty fresh chocolate chip buns for staff and residents to enjoy with their tea.

Pumpkin Carving

We carved some pumpkins for the front of the house for Halloween.

Nursing Home

Stories from October

A Lovely Little Donation

In Terenure Nursing Home we got a lovely little donation from one of our residents families over the weekend. It was very thoughtful and I'm sure the residents will love the new additions to our DVD and Book collection.

Doves of Peace

The residents enjoyed getting crafty making our very own Doves of Peace spreading compassion, kindness and hope in the face of the pandemic.

Halloween Art

The residents and staff had fun decorating Terenure Nursing Home for Halloween 2020 and loved getting into the " Spirit" of things!!

Yesterday we did a bit of arts and crafts while listening to our music playlist and having a sing-along in Terenure. We painted Halloween images onto parchment paper.

Today the paint is was dry and we cut the images out and stuck them up on the windows. It is all very Spooky around here !!

Lavender Bags

We made "Lavender Bags" with our Residents which they can put into their wardrobes or just hang in their bedrooms. Each resident received a special bag which they painted & decorated.

When the bags were dry the residents packed them full of fresh lavender, pine cones and wonderful smelling flowers.

We loved this creative activity in and the smell was heavenly!!
