# Stories from October 2020

## Afternoon of **Music**

We had an amazing afternoon of music at Oakwood Lodge Nursing Home, entertained by the COVID CARE CONCERT also known as the Mobile Music Machine.

Des really got into the swing of things and thoroughly enjoyed it, as did all our residents.

COVID CARE CONCERT is a project designed to bring Classical music into the lives of residents living in nursing homes and other settings and are affected by the impact of Covid 19.

All our Residents had a fabulous time listening to songs by Shirley Bassey, Mama Mia, Doris Day and much more.

## Beginner's **Luck**

Well done to Bingo winner John Daly - his first time playing and he won - beginner's luck!!

## Lavander **Bags**

We made "Lavender Bags" with our Residents which they can put into their wardrobes or just hang in their bedrooms.

Each resident received a special bag which they painted & decorated. When the bags were dry the residents packed them full of fresh lavender, pine cones and wonderful smelling flowers.

We loved this creative activity in and the smell was heavenly!!
