**Welcome to our Creative Studio in Oslo! We are ready to facilitate your digital broadcast and let you communicate with your audience, no matter where they are in the world.**

All made possible through live secured digital broadcast, custom made interaction and on-demand technology. Our multi-functional studio includes a high-res display to showcase your message or unique branding. Various set designs enhance the visual experience, while our ready-to-use technology offers interactivity and live communication with your worldwide audience.

Creative Studio Oslo offers technology and an experienced professional team to stream the production to your website, social media platforms or secured landing pages in real-time and on-demand. The space is well prepared to follow Covid-19 regulations, with extra space between work stations and dedicated client areas. Other conveniences include free parking, easy public transportation and catering nearby.
