

# Samsung IF 1.5

LED Single unit

WOWmaker combines Samsung's high-quality IF 1.5 series with an electronically adjustable lifter. This classic rental product's unique feature is its plug & play solution as it comes in a case and is ready to use without losing any time with assembly.

At full HD resolution and a pixel pitch of 1.5 mm it reaches a screen diagonal of 130in. Due to its enhanced colour calibration, this single unit displays an impressive clear picture.
