

Blackboard

FeedbackFruits Tool Suite

Our partners are enjoying endless course designs with top-notch user experience in their Blackboard environment

FeedbackFruits tools assist you in generating engaging courses within any Blackboard version, with seamless integration.

The uniform, intuitive user interface saves you plenty of time creating varied learning activities (peer feedback, assessment, discussions), regardless of the class size and delivery modes.

Digital Learning Ecosystem with FeedbackFruits

FeedbackFruits tools are compatible with different pedagogical approaches within **your digital learning ecosystem.**

Also, with Blackboard integration:

- No additional log in is required
- Blackboard groups are synced automatically
- FeedbackFruits grades are pushed to Blackboard gradebook
- FeedbackFruits deadlines appear in Blackboard calendar

FeedbackFruits is trusted by 100+ institutions worldwide

“ We were concerned about how instructors would be able to have that collaboration in the online world. By using FeedbackFruits tools, they were able to foster this.”

Justin R Kouder
Associate Vice Provost, Texas Tech University

Easy activity and course set-up

Using FeedbackFruits is as easy as it gets.

All components of a FeedbackFruits activity can be set up and completed in a single assignment. Easily navigate between steps; change settings, add/remove modules or publish grade.

“ FeedbackFruits is seamless inside Blackboard: it's a robust suite of tools that helps us to create courses that are sophisticated, professional-quality products.”

Sharon Race
Professor of English, South Plains College

Responsive, timely support for all users

Multiple forms of support are available for our users.

Our 24/5 live, In-app support is ready in 3 min to answer instructors and students. We also provide faculty members with free workshops, training sessions, and help documents to master the tools.

Continuous, high quality feedback opportunities

FeedbackFruits tools aid instructors in cultivating a strong feedback culture, by optimizing all feedback types at any level, and harnessing the power of Artificial Intelligence (AI) to support the feedback process.

Accessible & secure technology

- Compliant with GDPR and FERPA
- IMS Global Trusted App for interoperability with LMS Systems, and Data Privacy
- Certified for security of platform and database
- Hosting transparency on Microsoft Azure
- WCAG 2.0, 2.1, and 2.2 (A, AA) compliance
- 24/5 live user support
