New Zealand Skills and Education College

Kia ora, hello, namaste, nǐ hǎo, talofa!

NZSE College is a leading provider of tertiary qualifications in IT and Business Technologies, Early Childhood Education, Health and Wellbeing, Security, Study and Career Preparation, and Vocational Pathways for Military Prep.

NZSE College academic programmes can transition you into higher education and university study or our applied learning programmes can train you to enter the New Zealand or global workforce with confidence. Those who have chosen us will tell you that support, friendship, good advice, and a whānau-like environment is a core component of studying at NZSE College.

With modern campuses across Auckland and in Waikato, whichever study and career path you choose you will be in safe hands.

Student welfare is our priority, and we aim to deliver practical experiences, connections into industry and internationally recognised qualifications. Our tutors and staff work tirelessly to meet the needs of all students and will have high expectations for your success. We are guided by principles that encompass a respect for all cultures, knowledge, and diversity.

We hope to see you and talk through your study and career aspirations soon.

Ngā mihi.

Our Vision

Transforming lives through the power of learning.

New Zealand School of Education (NZSE) is now trading as New Zealand Skills and Education College.

**NZQA Accredited
Category One Education
Provider**

**Campuses
Auckland and Waikato**

Our Credentials

Our Memberships

Code of Practice

NZSE College observes and is bound by the New Zealand Government's Education Pastoral Care of Domestic Students, Code of Practice.

You can read more on our website here: nzse.ac.nz/student-support/student-resources

Our Pathway Partner Universities

Go further. Explore your study options at degree level or beyond after graduating from NZSE College. We have programme pathway agreements with two New Zealand universities for Information Technology. To find out more about how you could plan your academic journey and transition to university from NZSE College contact our Course Advisors.

AUT is the second largest university in New Zealand with campuses serving major parts of Auckland and an specialised high-performance sports institute. AUT has an excellent reputation for design, science, technology and research and has tech facilities that rival industry those in industry.

For more than 80 years, Massey University has helped shape the lives and communities of people in New Zealand and the world through its forward-thinking spirit, teaching, and research led methodology.

Student Support

On-Boarding with us

We are looking forward to having you on campus. We have valuable information and advice on our website that you can familiarise yourself with before you start your academic journey, so you can have a smooth and hassle free transition to your studies with us.

Orientation

Our comprehensive orientation program is designed to welcome you and give you essential information so you can navigate your new environment, stay safe and succeed in your academic journey with us.

Pastoral Care

Embracing the diversity of our students, our friendly and approachable student support team is always available to help you achieve your academic and personal goals, both inside and outside of class.

Social Activities

We have many fun and social events planned throughout the year, and we encourage you to make new friends with other domestic and international students and enjoy a healthy social life.

Career Services

Our team vision is to support you in unlocking your career potential. We do this by helping you navigate your education and career journey through:

- One-on-one career coaching, including help and advice for your transition into part-time, full-time and casual employment
- Targeted employability workshops to fine tune your job ready skills
- Connecting you (students or graduates) with employers and industry for the latest labour market information

Today's CEOs, managers and business owners look for job ready individuals who are creative problem-solvers, that communicate well, and put their learned knowledge into action quickly and responsibly.

“We are committed to helping you future proof your career journey and ensure you stay work-flexible in today’s world with the job ready skills and experience employers are looking for.”

David Sharples
Career Services Manager

Early Childhood Education

BECOME AN EARLY CHILDHOOD EDUCATOR

Are you passionate about caring for children and infants, developing potential in others and making sure our tamariki get the best start they can in life? Then a career in Early Childhood Education could be your dream vocation.

Becoming a skilled and sought-after educator through our ECE programme can jump start your teaching career - you can choose to prepare for university or get employed!

NZSE College is one of only a few providers that offers this course in a fully online capacity - making study easy and flexible. Study where you want, when you want. This programme is designed for people who are involved in the care and education of children in a variety of early childhood settings including education, care centres, home settings and playgroups.

You can also use this course as a preparation for degree-level study in related fields and gain practical experience with young children in either an Early Childhood Centre or home-based setting.

Highlights

- Blended learning, excellent career options
- Immersive, fun, creative and flexible environments

Pathways

Are you passionate about looking after and teaching children? Become a skilled and sought after educator with our programmes in Early Childhood Education and jump start your teaching career today.

NZ Certificate in Early Childhood Education and Care | Level 4 (Online)
18 weeks

Qualified Home-Based Educator

Further higher level studies at Te Rito
Maioha, Unitec or other institutions*

*Conditions apply - contact us for more information

Industry Partnerships

Kuddles

“This programme helped me understand different techniques which I apply to my role today. My tutor was amazing and offered support when and if I needed it.”

Renee Ween

Early Childhood Education Graduate

NZ Certificate in Early Childhood Education and Care | Level 4

This highly accessible, engaging and creative online programme will give you the pre-requisite skills, aptitude and knowledge needed to become a competent Early Childhood Kaiako for both home-based and centre-based early childhood settings. This will be ideal if you are thinking of entering the ECE industry with no previous experience, are already working in the sector, or you are currently a home-based educator needing to become qualified at Level 4. This course also offers benefits in its online approach by helping you develop technology, self-motivation and academic referencing skills.

In the last block of the course, you will be embedded at a licensed Home-Based service or an Early Childhood Centre for up to 64 hours.

What Will I Learn?

- **Te Marau (Curriculum)**
Covers the ECE curriculum, Te Whāriki.
- **Te Mātauranga (Professional Knowledge)**
Learn about legislation, regulations and ethical aspects of ECE.
- **Whakaako Mokopuna (Pedagogy)**
Review theories, philosophies and inclusive approaches in ECE.
- **Kia Whakahāngai (Practice)**
Put theory to practice in real life ECE environment, whether in a centre or a home-based setting.

What's Next?

- **Study Further**
 - Further higher level studies at Te Rito Maioha, Unitec or other institutions*
- **Get Employed**
 - Home-based educators
 - Nanny/Au pair
 - Relief ECE work under supervision
 - Coordinator of certified playgroups

Duration

18 weeks

Delivered ONLINE

Credits

60 credits

Entry Criteria

IT and Business Technologies

WELCOME TO THE NEXT WORLD

Take either your first steps towards a truly progressive career in IT and Business Technologies or expand on your knowledge and move your career up to where you want it to be.

The world has embraced technology at almost every human touch-point, from teaching and learning, news, media and entertainment, hospitality and retail, banking, analytics, finance, transportation and logistics, planning, construction and infrastructure, politics, augmented and virtual reality, the environment, space exploration, IoT (Internet of Things) and more. The possibilities are endless when you have the right knowledge behind you.

At New Zealand Skills and Education College we offer a comprehensive range of programmes that cover many aspects of IT and Business Technologies that can take you from a starting point to a global career in management or running your own tech business.

For whatever career path you're looking to take, you'll know that technology and business acumen will go hand-in-hand and the stronger your skills across these two disciplines, the greater your success will be.

Get certified, get employed or pathway to university study with our partner universities - AUT or Massey.

Highlights

- Scalable, global career options
- Gain real-world fundamentals
- Multiple areas to specialise in
- Gain international certifications
- Scholarships available

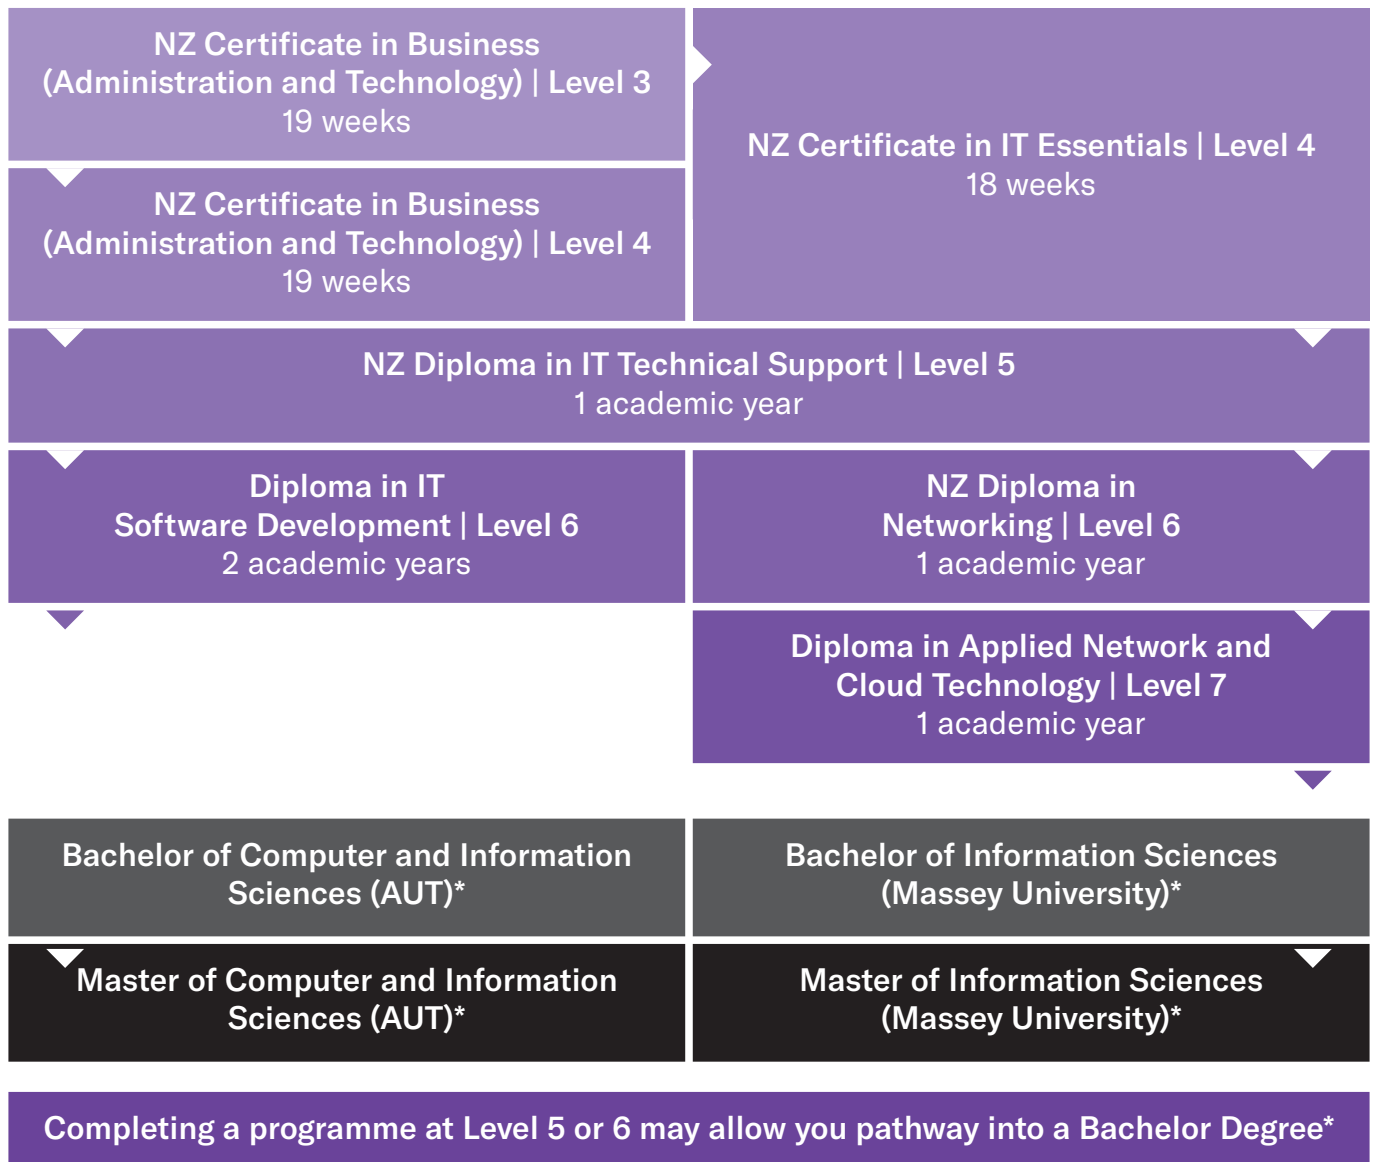

Information Technology programmes under TTAF

The New Zealand Government has created the **Targeted Training and Apprenticeships Fund (TTAF)** to support domestic learners in undertaking vocational education and training without fees. The TTAF will cover all fees from 1 July 2020 until 31 December 2022.

Pathways

Businesses need sound planning, processes, management, people and of course technology to be successful in today's globalised world. The demand for competent problem solvers is growing exponentially and the careers available in the IT and Business Technologies arena are the most progressive and varied you can find. Reach your potential by utilising our accelerated pathways – gain the knowledge you need fast and put it to work.

“This programme helped build my confidence and develop skills and practices which I use in my role today and without the help from the tutors and careers team at NZSE College, I wouldn’t have secured my role as a Health Care Assistant at the Auckland DHB.”

Karen Fue
Health and Wellbeing Graduate

ATC Military Prep

Are you looking for something different – a new direction or a new career path? You know you want something more from your life, but are you unsure about where or how to start? Are you looking for yourself or someone you know – a friend, a sibling, your son or daughter?

At NZSE College we have hands-on, practical and short courses that have been developed to help people move into new careers, change careers or build pathways that will successfully get them into specialist services, trades, entry-level business roles, security and more.

Joining us means making new friends (often life-long ones) and through our supportive network of staff and tutors, you'll start to succeed and then exceed even your own expectations. Your confidence will shift into a higher gear and once armed with your new training and knowledge, you'll feel more capable of reflecting on and taking ownership of new challenges.

These core NZSE College programmes have intakes all year. We operate campuses in West and South Auckland, and the Waikato.

We are proud to produce fit, disciplined and well-trained graduates and recruits who become active, contributing members of their whanau and our communities.

Come and join us today! Contact our helpful Course Advisors now.

Highlights

- Travel allowance and training uniforms
- Structure and discipline, physical fitness, academic support
- FREE for 16-19 year olds (Youth Guarantee criteria applies)

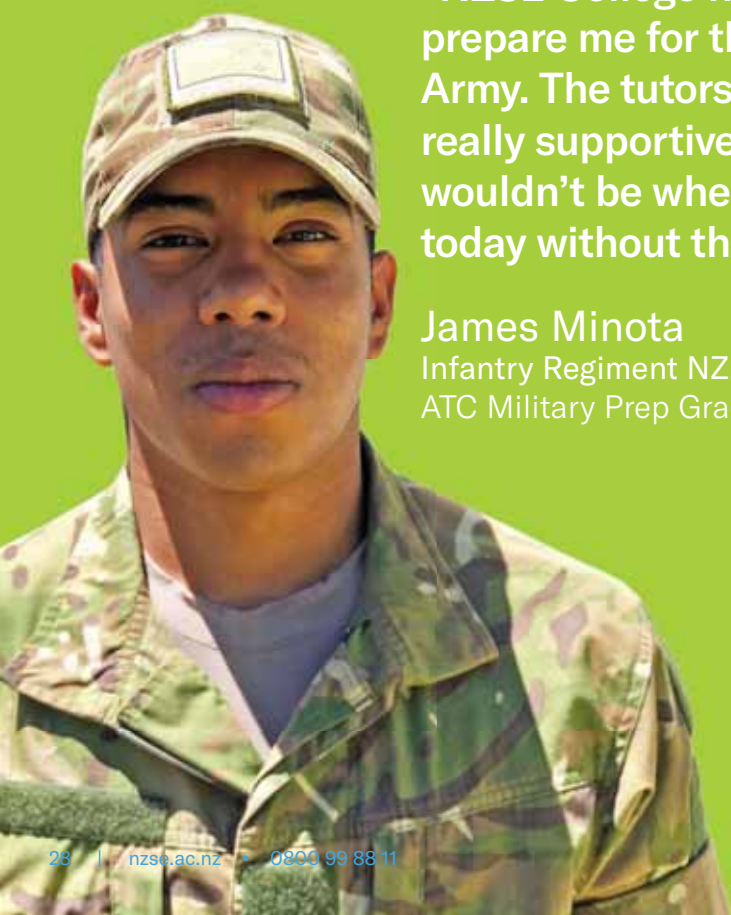

Can I get a job after I graduate?

Your NZSE qualification(s) are the best start you can have, but the key to gaining employment is YOU!

Pathwaying from our Level 1 course right through to our Level 3 Security or Level 4 Uniformed Services will strongly influence your opportunities for employment.

If you've got the right attitude, do the mahi, and take pride in your attendance and appearance then there should be no stopping you!

Make the most of our Student and Career support services at NZSE and our free employment advice. Our Teams will give you heaps of support and make sure your CV and interview skills will catch the eye of employers.

“NZSE College helped prepare me for the NZ Army. The tutors were really supportive and I wouldn't be where I am today without them.”

James Minota
Infantry Regiment NZ Army
ATC Military Prep Graduate

- Terminator Challenge
- Obstacle Courses

“ATC got me disciplined, got me in shape, got me my credits in NCEA. I was even able to get a job after the course in the lead up to joining the army, due to the helpful support at the school.”

Lance Cpl. Hayden Holmes
Lance Corporal NZ Defence Force
ATC Military Prep Graduate

Pathways

Military and Vocational Prep uses military-style training, teaching, techniques and activities to prepare you for pathways into the workforce, possible careers in the New Zealand Defence Force, New Zealand Police or other related services. It can also help you get the credits needed to advance into further study or university. Don't let anything stand in the way of a great future.

FREE* programmes for 16-19 year olds (Youth Guarantee)

Youth Guarantee funding provides prospective students aged 16-19 with an opportunity to participate in a range of courses free of charge. Our Fitness and Recreation (Level 1), Vocational Pathways Social and Community Services (Level 2) and Study and Career Prep (Level 3) ATC programmes are funded under the Youth Guarantee Fund. *Conditions apply.

“The course allowed me to explore my interests with the guidance of tutors and provided me with an amazing foundation to upgrade my skills and knowledge.”

Olivia Tupou
ATC Military Prep Graduate

Ngā Rangatahi Toa E Whai Hua

NZ Certificate in Security | Level 3

Security is booming in New Zealand as businesses look to keep staff, customers, and clients safe during these changing and sometimes challenging times and NZSE College runs one of the most sought-after security courses available due to its highly structured, practical and professional delivery approach. If you are looking to get into the security sector, then make sure you check-in with us.

This programme will give you the skills to be a highly capable and professional security employee and a platform to pathway into higher studies or move up within the Security industry.

This course can allow you to achieve a Ministry of Justice security 'Certificate of Approval' (CoA). Applicants must be aged 18 or over and have no criminal record or have a 'clean slate'.

What Will I Learn?

- Communication in Security
- New Zealand Law
- Security Equipment Operation
- Privacy and Protection
- Opportunity to gain First Aid Certification
- If you're 18+ this course could help you achieve CoA certification (Certificate of Approval) to become a registered Security Guard*

Uniformed Services | Level 3

Uniformed Services - Level 3 is designed to help you build on and continue your learning journey in a way that works for you. You'll be exposed to new ways of thinking and how to develop stronger academic processes - key fundamentals if you choose to follow on to higher studies.

This short 19 week course can help you build your pathway towards a career in a branch of New Zealand's Uniformed Services; Police, Defence Force, Fire and Emergency, Search and Rescue or the NZ Customs Service. You could also look at entry level roles in a variety of work like business admin, retail or customer services. Our Student and Career Support Teams will also guide and assist you along the way.

Completion of this programme leads to the NZ Certificate in Study and Career Preparation (Level 3).

What Will I Learn?

- Communication, Problem Solving and Decision-making Skills
- Digital Technology/Media Skills
- Develop Career Goals
- Develop Study and Personal Strategies
