NZSE College

Welcome!

Nau mai, haere mai.

A warm welcome to our Prospectus. As a student here at NZSE College you'll be part of a welcoming, supportive, and inspiring community dedicated to helping you expand your horizons and achieve your goals. Our programmes will equip you with the skills you need to progress confidently into the workforce, higher studies, or even within your career. Our college is a place where students from around the world collaborate, discover their passions, and build practical skills to kick-start their future - the future.

During these globally unprecedented times, one thing remains certain, education is invaluable. In this fast-paced world, our staff will help you develop life skills applicable across a range of settings so that you always stay one step ahead. Our personable tutors will ensure you get the hands-on learning you need to become an expert in your field. If you are ever in need of any kind of support, our approachable student support team, who genuinely cares about your future, will ensure you are looked after.

We celebrate diversity within our college and create many opportunities for you to take pride in your background and connect with other students. By the time you leave NZSE College, you will have made lifelong friends who celebrate your successes, share in your struggles, and are excited to help you achieve a future that you're proud of.

Join us to discover what you love, gain invaluable knowledge and, build lasting friendships within a community committed to seeing your success.

We hope to welcome you to the NZSE College whānau soon.

How to Apply

Application Process, Fees Information

Our Story

NZSE College has been serving the community through exciting educational experiences for almost 20 years. We are a leading provider of tertiary qualifications in a range of fields including IT and Business Technologies, Early Childhood Education, Health and Wellbeing, Security, Study and Career Preparation, and Vocational Pathways for Military Prep. Our academic programmes are designed to transition you into university study and our applied learning programmes can train you to confidently enter the New Zealand or global workforce. Our graduates with us will tell you that it is our student support, friendship, and a whānau-like environment that sets us apart from other colleges and helps you achieve your goals.

NZSE College has grown rapidly throughout the years, and we are privileged to now have four modern campuses across the Auckland and Waikato regions. To ensure the success of our students we aim to deliver practical experiences, connections into the industry, and internationally recognised qualifications. With student welfare as our priority, you'll be in safe hands no matter what study and career path you chose to pursue.

We are proud to be guided by principles that encompass respect for all cultures, knowledge, and diversity, and we are excited to continue transforming more lives through the power of learning. We hope you will join us on our journey and are looking forward to helping you with yours.

Ngā mihi

Credentials and Memberships

Our Pathway Partner Universities

Go further. Explore your study options at degree level or beyond after graduating from NZSE College. We have programme pathway agreements with two New Zealand universities for Information Technology - Auckland University of Technology (AUT) and Massey University.

To find out more about how you could plan your academic journey and transition to university from NZSE College contact our Course Advisors.

Code of Practice

NZSE College observes and is bound by the New Zealand Government's Education Pastoral Care of Domestic Students, Code of Practice. You can read more on our websites here: nzse.ac.nz/student-support/student-resources#code-of-practice

Our vision

Transforming lives through the power of learning.

Our mission

To produce successful graduates through exciting educational experiences.

TE KURA HANGARAU MŌHIOHIO PAKIHI

IT and Business Technologies

Take either your first steps towards a truly progressive career in IT and Business Technologies or expand on your knowledge and move your career up to where you want it to be.

The world has embraced technology at almost every human touch-point, from teaching and learning, news, media and entertainment, hospitality and retail, banking, analytics, finance, transportation and logistics, planning, construction and infrastructure, politics, augmented and virtual reality, the environment, space exploration, IoT (Internet of Things) and more. The possibilities are endless when you have the right knowledge behind you.

At New Zealand Skills and Education College we offer a comprehensive range of programmes that cover many aspects of IT and Business Technologies that can take you from a starting point to a global career in management or running your own tech business.

Get certified, get employed or pathway to university study with our partner universities - AUT or Massey.

Cloud Platform Engineer

TE KURA ORANGA HAUORA

Health and Wellbeing

Quality health and wellbeing is crucial to a nation's welfare. The opportunities for trained professionals in New Zealand's rewarding healthcare industry are continuously expanding due to our growing elderly population.

Designed to provide students with the theory and skills required to be a part of this industry, our programmes can empower you to achieve your healthcare sector career goals successfully. Start your journey now and study to become a valuable part of a quality healthcare system.

NZ Certificate in **Health and Wellbeing (Level 2)**

13 weeks • 42 credits

NZ Certificate in **Health and Wellbeing (Level 3)**

23 weeks • 72 credits

NZ Certificate in **Health and Wellbeing (Advanced Care) (Level 4)**

One academic year • 120 credits

Diploma in **Community Healthcare and Support (Level 7)**

One academic year • 120 credits

Completing our Level 7 Diploma may allow you to transition to higher studies, to employment in the Healthcare sector or to Professional Registration*

Pathways

Quality healthcare is crucial to a nation's welfare. The opportunities for trained professionals in New Zealand's rewarding healthcare industry are continuously expanding due to our growing elderly population. Designed to provide students with the theory and skills required to be a part of this industry, our programme empowers our learners to achieve their career goals successfully. Train to become a valuable part of a quality healthcare system.

Pay Parity

There are pay incentives for New Zealand qualified care and support workers. Successfully complete our Level 7 Healthcare diploma and receive the minimum wages equivalent to Level 4 qualifications assessed by Ministry of Health (\$27.00 per hour). For more information, please visit www.health.govt.nz and search "pay equity".

Fully Government Funded Programmes under TTAF

The New Zealand Government has created the Targeted Training and Apprenticeships Fund (TTAF) to support domestic learners in undertaking vocational education and training without fees. The TTAF will cover all fees from 1 July 2020 until 31 December 2022.

Industry Partnerships

We've teamed up with leading businesses and groups that allow for us to provide our students with great internship and work experience opportunities. These opportunities are the best way to put your knowledge into practice and learn from industry experts.

NZ Certificate in Health and Wellbeing

A portrait of Desirie Garcia, a woman with long dark hair, smiling warmly. She is wearing a black top, a brown cardigan, and a necklace with a circular pendant and a small heart charm. The background is a blurred indoor setting with vertical lines, possibly a hallway or office.

Student Success

“NZSE College provides quality education, the staff are supportive and our programme provided us with many opportunities and experience in the Healthcare Industry.”

Desirie Garcia

Health and Wellbeing Graduate

“This programme helped build my confidence and develop skills and practices which I use in my role today and without the help from the tutors and careers team at NZSE College, I wouldn’t have secured my role as a Health Care Assistant at the Auckland DHB.”

Karen Fue

Health Care Assistant at Auckland DHB

TE KURA MĀTAURANGA KŌHUNGAHUNGA

Early Childhood Education

Are you passionate about caring for children, developing potential in others and making sure our tamariki get the best start in life? Then a career in Early Childhood Education could be your dream vocation.

Becoming a skilled and sought-after educator through our ECE programme can jump start your teaching career - you can choose to prepare for university or get employed!

NZSE College is one of only a few providers that offers this course in a fully online capacity - making study easy and flexible. Study where you want, when you want. This programme is designed for people who are involved in the care and education of children in a variety of early childhood settings, including home-based settings.

This programme also prepares you for a degree-level study in the area of early childhood education.

NZ Certificate in

Early Childhood Education and Care (Level 4)

18 weeks • 60 credits

Qualified Home-based Educator

Further higher level studies at Te Rito Maioha, Unitec or other institutions*

Why study ECE Level 4?

From 1 January 2025, home-based services will be required to have at least 80% of their educators to hold a minimum qualification of Level 4 ECE, Te Ara Tuarua, or a grand-parented Level 3 qualification.

“These changes will provide a valuable opportunity for those working in their homes to upskill and develop their careers further, and give certainty to parents and whānau on the quality of home-based early learning”

- **Chris Hipkins**

Minister of Education of New Zealand

Pathways

Are you passionate about looking after and teaching children? Become a skilled and sought after educator with our programmes in Early Childhood Education and jump start your teaching career today.

Industry Partnerships

We've teamed up with leading businesses and groups to provide our students with great work experience in a variety of early childhood settings. These opportunities are the best way to put your knowledge into practice and learn from experienced kaiako.

NZSE College is a member of the New Zealand Home-Base Childcare Association

NZ Certificate in Early Childhood Education and Care

Level 4

Duration: 18 weeks

Credits: 60 credits

Campus: Delivered **ONLINE**

This highly accessible, engaging and creative online programme will give you the pre-requisite skills, aptitude and knowledge needed to become a competent Early Childhood Kaiako for both home-based and centre-based early childhood settings. This will be ideal if you are thinking of entering the ECE sector with no previous experience, are already working in the sector, or you are currently a home-based educator needing to become qualified at Level 4. This programme also offers benefits in its online approach by helping you develop technology, self-motivation and academic referencing skills.

In the last block of the course, you will be embedded at a licensed Home-Based service or an Early Childhood Centre for up to 64 hours.

Entry criteria

Academic criteria

- Students enrolling are recommended to hold either NCEA Level 1 or 2 or the New Zealand Certificate in Early Childhood Education and Care (Level 3) or equivalent knowledge, skills and experience
- A compulsory Criminal Record Check
- Two referees (not family or friends)
- An interview and a short statement of intent on why the learner wishes to pursue an Early Childhood Education qualification

All applicants are required to be double vaccinated against Covid-19 by 1 Jan 2022 to gain entry into the programme.
(Applicants who do not produce valid evidence of full vaccination will be considered unvaccinated and their enrolment will not proceed)

What is covered

- **Te Marau (Curriculum)**
Covers the ECE curriculum, Te Whāriki.
- **Te Mātauranga (Professional Knowledge)**
Learn about legislation, regulations and ethical aspects of ECE.
- **Whakaako Mokopuna (Pedagogy)**
Review theories, philosophies and inclusive approaches in ECE.
- **Kia Whakahāngai (Practice)**
Put theory to practice in real life ECE environment, whether in a centre or a home-based setting.

What's next?

- **Further study**
 - Further higher level studies at Te Rito Maioha, Unitec or other institutions*
- **Start your career**
 - Home-based educators
 - Nanny/Au pair
 - Relief ECE work under supervision
 - Coordinator of certified playgroups

This programme requires students to have access to a laptop/desktop that can connect to the internet with a web browser and a required minimum screen size of 10 inches. For device specifications, please talk to your Course Advisor.

Student success

“My love for children has motivated me to become an Early Childhood Education teacher. My study at NZSE College helped me learn the necessary skills for my current role.”

Eleele Afoa
ECE Teacher

Te Kura Whakahōia (ATC)

ATC Military Prep

Are you looking for something different – a new direction or a new career path? You know you want something more from your life, but are you unsure about where or how to start? Are you looking for yourself or someone you know – a friend, a sibling, your son or daughter? At ATC Military Prep we have hands-on, practical and short courses that have been developed to help people move into new careers, change careers or build pathways that will successfully get them into specialist services, trades, entry-level business roles, security and more.

Joining us means making new friends (often life-long ones) and through our supportive network of staff and tutors, you'll start to succeed and then exceed even your own expectations. Your confidence will shift into a higher gear and once armed with your new training and knowledge, you'll feel more capable of reflecting on and taking ownership of new challenges.

These core programmes have intakes all year. We operate campuses in West and South Auckland, and the Waikato. We are proud to produce fit, disciplined and well-trained graduates and recruits who become active, contributing members of their whanau and our communities.

Vocational Pathways Social and Community Services - Military Prep

Level 2

Duration: 25 weeks

Credits: 82 credits

Campus: New Lynn, Manukau, Hamilton

Whether you've pathwayed into Level 2 from our Level 1 course or you're starting out fresh – this is an amazing opportunity to build on your technology and communication skills, your literacy and numeracy and get specialised knowledge that can make you a stronger candidate for the New Zealand Defence Force, Police or Customs. You'll join a whanau-like environment where your success and wellbeing are fostered and make lifelong companions (many of whom you may have connected with at Level 1). You will also get further practical learning and opportunities to train and participate a wider range of exercises and excursions – like rifle and range training, hikes and tramps, the annual Terminator Challenge and more!

Entry criteria

- Open to students who are 16 - 19 years of age*

What is covered

- Literacy and Numeracy
- Communication Skills
- Defence Force Studies
- Fitness and Physical Training
- Basic Foot Drills
- Community Skills
- Career Skills
- Basic Computing
- Navigation Techniques
- Firearm Safety and Handling

What's next?

- **Further study**
 - Uniformed Services (Level 3)
 - NZ Certificate in Security (Level 3)

FREE FOR YOUTH

This programme falls under Youth Guarantee funding which provides prospective students aged 16-19 with an opportunity to participate in a range of courses free of charge.*

NZ Certificate in Security

Level 3

Duration: 18 weeks

Credits: 60 credits

Campus: New Lynn, Manukau, Hamilton

Security is booming in New Zealand as businesses look to keep staff, customers, and clients safe during these changing and sometimes challenging times. We provide one of the most sought-after security courses available due to its highly structured, practical and professional delivery approach. If you are looking to get into the security sector, then make sure you check-in with us. This programme will give you the skills to be a highly capable and professional security employee and a platform to pathway into higher studies or move up within the Security industry.

Entry criteria

- 17 years old and over

All applicants are required to be double vaccinated against Covid-19 by 1 Jan 2022 to gain entry into the programme.
(Applicants who do not produce valid evidence of full vaccination will be considered unvaccinated and their enrolment will not proceed)

What is covered

- Communication in Security
- New Zealand Law
- Security Equipment Operation
- Privacy and Protection
- Opportunity to gain First Aid Certification
- **If you're 18+ this course could help you achieve CoA certification (Certificate of Approval) to become a registered Security Guard***

What's next?

 - Variety of roles in the Security Sector

GAIN CoA

This course can allow you to achieve a Ministry of Justice security 'Certificate of Approval' (CoA). Applicants must be aged 18 or over and have no criminal record or have a 'clean slate'.*

Uniformed Services

Level 3

Duration: 19 weeks

Credits: 60 credits

Campus: New Lynn, Manukau, Hamilton

Uniformed Services (Level 3) is designed to help you build on and continue your learning journey in a way that works for you. You'll be exposed to new ways of thinking and how to develop stronger academic processes - key fundamentals if you choose to follow on to higher studies. This short 19 week course can help you build your pathway towards a career in a branch of New Zealand's Uniformed Services; Police, Defence Force, Fire and Emergency, Search and Rescue or the NZ Customs Service. You could also look at entry level roles in a variety of work like business admin, retail or customer services. Our Student and Career Support Teams will also guide and assist you along the way.

Entry criteria

- 16 years of age or over
- Recommended NCEA Level 2 or equivalent

What is covered

- Communication, Problem Solving and Decision-making Skills
- Digital Technology/Media Skills
- Develop Career Goals
- Develop Study and Personal Strategies

What's next?

- **Further study**
 - Uniformed Services (Level 4)
- **Start your career**
 - Variety of roles in the Security Sector

Completion of this programme leads to the **NZ Certificate in Study and Career Preparation (Level 3)**.

FEES FREE

Fees-free is a funding scheme provided by the Tertiary Education Commission (TEC), which can allow you to get one year of tertiary study or two year's training up to a certain value.*

Start your journey towards a career in a branch of the services; Police, Defence Force, Fire and Emergency, Search and Rescue or the New Zealand Customs Service, or get you into an entry level role in a variety of work like Business Admin, Retail or Customer Services.

Uniformed Services

Level 4

Duration: 19 weeks

Credits: 60 credits

Campus: New Lynn, Manukau, Hamilton

Uniformed Services (Level 4) is designed to strengthen you academically. Gaining this qualification opens more doors for you through either transitioning into university studies or finding employment opportunities that recognise you've reached a higher level of academic qualification. If you are looking to enter the Uniformed Services sector like; Police, Defence Force, Fire and Emergency, Search and Rescue or the New Zealand Customs Service then continuing into this programme is highly recommended.

Entry criteria

- 16 years of age or over

Completion of this programme leads to the **NZ Certificate in Study and Career Preparation (Level 4)**.

FEES FREE

Fees-free is a funding scheme provided by the Tertiary Education Commission (TEC), which can allow you to get one year of tertiary study or two year's training up to a certain value.*

Start your journey towards a career in a branch of the services; Police, Defence Force, Fire and Emergency, Search and Rescue or the New Zealand Customs Service, or get you into an entry level role in a variety of work like Business Admin, Retail or Customer Services.

Student success

“ATC got me disciplined, got me in shape, got me my credits in NCEA. I was even able to get a job after the course in the lead up to joining the army, due to the helpful support at the school.”

Lance Cpl. Hayden Holmes
Lance Corporal NZ Defence Force

Student Support

Wraparound Services and Hauora

Our Student Support Team can help meet any socio-economic, emotional, social, and cultural needs you might have while studying. Through our wraparound services, we can help you access financial aid, counseling services, connections to the community, device drop-offs, and more so you can focus on reaching your academic potential.

Career Services

We are committed to helping future proof your career journey. Our career specialists will help you unlock your career potential through employability workshops, one-on-one mentoring, industry insights, finding work experience, and more.

Learning Support

Our students are encouraged to speak to their tutor or the Head of School who are readily available if they need extra help understanding course content. Numeracy and Literacy support are accessible to all students, and we'll happily organise group tutorials for assessment preparation upon request. We understand learning in English can be difficult, so we provide online English language courses free of charge for any student who might need them.

Health and Safety

The health and safety of our students are paramount to us. From mental health to accident insurance, our team is here to keep you safe and help you resolve any health-related issues you may experience during your studies.

Student Voice

Both domestic and international students can be part of our student committees. Our student committees help develop authentic relationships and encourage collaboration between staff and students to produce the best outcomes for everyone. You can put forward ideas about teaching, learning, events, activities, or anything to do with your study experience.

Social Activities

We encourage you to make new friends with other students and enjoy a healthy social life. We have many events planned for you throughout the year to help you form those connections such as class trips, student-led events, cultural celebrations, and competitions.

How to apply

Keen to study at NZSE College?

Follow these simple steps to begin your academic journey with us:

1 Contact us

If you are interested in studying one of our courses or want to know more, contact us through phone/email and we'll be happy to discuss your study options with you. You can also get in touch using our easy contact form on our website - www.nzse.ac.nz

2 Submit Application Form

Once we have organised your course of study, fill out your details on the Student Application Form in person when speaking to one of our team or download a copy on our website and send it to us at study@nzse.ac.nz.

3 Supply any additional information

The programme you apply for may require additional documentation such as a portfolio (this would have been discussed with you in step 1). If this is the case, please supply any additional information necessary.

4 Offer and Enrolment

If your application is successful, you will be sent an offer of study! We will be in touch with you about your enrolment status from there.

5 Welcome!

Welcome to the NZSE College whānau! We'll confirm your enrolment and be in touch with you about everything you need to know for your first day.

Fees Information

We provide a variety of options for our prospective students to ensure they can study and continue with their journeys. We recommend contacting our team to check full eligibility conditions and to find the right option for you.

TTAF

The Targeted Training and Apprenticeships Fund (TTAF) to support domestic learners in undertaking vocational education and training without fees. The TTAF will cover all fees on selected programmes until 31 December 2022.

Fees-Free

Fees-Free is a funding scheme provided by the Tertiary Education Commission (TEC), which can allow you to get one year of tertiary study or two year's training up to a certain value.

Zero-Fees

If 'Zero-Fees' is listed under one of our programmes, this means that this programme may be eligible for free study for a limited time. We offer a range of Zero-Fees programmes and options which can vary and change.

Youth Guarantee Fund

Youth Guarantee funding provides prospective students aged 16-19 with an opportunity to participate in a range of courses free of charge.

SAC Funding

The Student Achievement Component (SAC) is the Government's contribution towards the cost of teaching and learning services for students enrolled at a tertiary education organisation (TEO).

StudyLink Allowances

A Student Allowance is a weekly payment through StudyLink that can help with your living expenses while you're studying. This is an allowance that is designed to support you through your studies – you are not required to pay back Student Allowance.
