

Discover COBOT CAFÉ

Rent the Cobot Café! Rethink service applications and surprise visitors with the automated, friendly cobot Sawyer in the Cobot Café: Sawyer is always ready to serve you and your customers a large selection of fresh, Italian coffee specialties from La Cimbali. Impress your customers with the help of a fully automated barista solution. Your guests and customers order their favorite drink on an integrated tablet and watch how the cobot prepares and dispenses the delicacy in front of their eyes.

The high quality Italian coffee machine with integrated milk cooler and water supply ensures maximum delight. The bar and coffee mugs can be branded individually according to your needs. By renting from RobShare you benefit from simple set-up and commissioning at your event location.
