

All International Standards published by the International Standards Organisation (ISO) and the International Electrotechnical Commission (IEC) are Copyright Protected Documents, with the Copyright held by ISO.

IANZ is not permitted to make this International Standard publically nor freely available.

Organisations and/or individuals, including those interested in seeking accreditation from IANZ, will need to purchase their own copy. This International Standard can be purchased from Standards New Zealand (as NZS ISO/IEC 17025:2018 *General requirements for the competence of testing and calibration laboratories*) at the following link:

<https://www.standards.govt.nz/shop/nzs-isoiec-170252018/>

Exemptions

Under an agreement between IANZ and Standards New Zealand, IANZ has purchased a bulk quantity of NZS ISO/IEC 17025:2018, and a copy of the Standard is available free of charge to laboratories that currently hold an accreditation with IANZ. Access to this copy will be made available on request to info@ianz.govt.nz.
