BLOUNT COUNTY SPECIAL OLYMPICS

Special Olympics Tennessee is extending the suspension of all in-person events, including training and competitions, until further notice. The health and safety of our athletes, volunteers, staff, and the community remains our top priority. We continue to be in close contact with the CDC, World Health Organization, and other stakeholders in similar situations to make informed decisions so the Special Olympics movement can adjust accordingly. This decision has been made using evidence available at this time including emerging data showing elevated risk for people with intellectual disabilities developing serious illness if they contract coronavirus.

Festival of Trees

(continued from page 3)

Blount County Special Olympics Program is available to Blount County citizens Age 8 years & older. The ultimate goal of this program is to help persons with intellectual disabilities participate as productive and respected members of society at large, by offering them fair opportunities to develop and demonstrate their skills and talents through sports training and competition, and by increasing public awareness of their capabilities and needs.

Schools and centers throughout Blount County participate in these events. However, any person whose school or center does not participate OR any adult who does not attend a school or center is eligible to compete as an independent athlete. The following athletic competitions are held each year: Winter Games, Basketball, Powerlifting, Track & Field, and Bowling. Visit our website at www.parksrec.com for updated information regarding these events.

Special Olympics Volunteers

Volunteers are always needed to provide many types of assistance during Special Olympic events.
