

Hooman Khorasani, MD
Mount Sinai Hospital
New York, New York

American Board of Dermatology

ASK DR. KHORASANI

WHAT IS YOUR PATIENT CARE PHILOSOPHY?

My main goal is to treat patients as if they are family members and to make them feel better about themselves by enhancing their natural beauty. I view it as restoring nature's own doing while improving form and function.

WHAT LEADERSHIP ROLE DO YOU HOLD AT MOUNT SINAI?

Within our department of dermatology, I am chief of the reconstructive and cosmetic surgery division, where I perform a vast range of dermatologic procedures including everything from Botox® and laser resurfacing to liposuction.

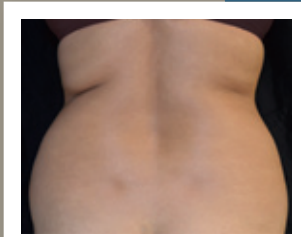

“enhancing your natural beauty”

AFTER

BODY CONTOURING

Unhappy with the excess fat on areas of her back, this 35-year-old female patient sought Dr. Khorasani for a body contouring procedure. “I used power-assisted liposuction to achieve a slimmer, more toned appearance on both her abdomen and back,” says Dr. Khorasani.
