

Assisted Living

Assisted Living residences provide security and independence

As people grow older, many find themselves struggling with day-to-day tasks that used to come easily. That is why our residents are often relieved to find how much more they enjoy life once they are free from these burdens.

At Fort Scott Presbyterian Village, we believe that everyone deserves a chance to pursue their own interests and enjoy life to its fullest. That is why we have designed our assisted living residences to enhance independence and freedom. Our community is a thriving, vibrant place where residents can be active, engaged and devoted to friends, family and the things they love every day. Our friendly, skilled staff perform a variety of services, from cooking and housekeeping to laundry, maintenance and more. One- and two-bedroom apartments are available to suit your budget and desire for elbow room.

Because we realize that every resident is unique, our services are designed to meet each individual's specific needs and can be adjusted as needs change. We review each resident's care plan regularly to monitor whether additional services are needed, providing ongoing support.

A great place to call home

Our comfortable accommodations are designed to make residents feel at home, while providing both privacy and 24-hour access to support services.

Living well is a priority at Fort Scott Presbyterian Village. That is why our inviting, well-maintained campus is designed as a peaceful retreat, providing plenty of space to spread out. Residents also enjoy a wide range of amenities only steps from their doors, including a hair salon, library, massage therapy, spiritual services, and transportation for shopping, cultural events or appointments.

Covered services include:

- One meal daily
- Weekly housekeeping
- Weekly laundry
- Utilities (including basic cable TV)
- Unlimited long distance telephone service
- Emergency call system
- 24-hour staff availability
- Activities, spiritual and social programs
- Worship services
- Walking path near our beautiful pond
- Exercise program, equipment
- Wii™ exercise and gaming system
- Wireless Internet
- Parking garage

We have a range of services to meet our residents' needs, from additional meals to in-home rehabilitation services. Use of services will be determined by the Level of Care/Assessment plan. If there is a need for a service not included in the monthly fees, these will be charged on an as-used basis or included within the resident's level of care charge.
