RE: Written Statement Claiming Religious Exemption from Vaccination

Pursuant to Nevada Revised Statute 394.192/394.193 (Private School)

422.2932 (Recipients of public assistance)

As the parent/guardian of _____, I certify that I have religious beliefs or practices that oppose immunizations. **I hereby request that my child is exempted from Nevada Revised Statutes.**

Our religious beliefs allow us to accept medical assistance for said child if an emergency arises i.e. a playground accident.

I also understand that if an outbreak of any vaccine-preventable disease occurs for which this child is exempted, the child for whom this exemption is claimed is to be excluded from the school or early childhood program for the duration of the outbreak and/or threat of exposure. My child will be allowed back only when a health department representative is satisfied that there is no longer a risk of contracting or transmitting a vaccine-preventable disease.

NRS 394.193 Immunization of pupils: Exemption is prohibited by religious belief. A private school shall not refuse to enroll a child as a pupil because such child has not been immunized pursuant to NRS 394.192 if the parents or guardian of such child have submitted to the governing body a written statement indicating that their religious belief prohibits immunization of such child or ward.
