

SPTek LIQUID GARD™

LIQUID ANTI-MICROBIAL ADDITIVE

Providing long lasting pathogen control protection on surfaces

- Rapid application and immediate drying
- Even distribution (less than 1 mil. depth)
- Long lasting protection
- Extensive independent testing—proven reliability
- FIFRA (The Federal Insecticide, Fungicide, and Rodenticide Act) approved
- EPA approved. Used for applications related to non-food contact, food contact, and drinking water applications
- Polymer incorporated applications: counter tops, drinking water filter, and ice machine applications, etc.
- Listed under NSF (National Sanitation Foundation) approved substance under NSF Standard 51
- FDA approved
- 100% recyclable

SMALL CHANGES THAT MAKE BIG DIFFERENCES™

SmartPlastic additives are inserted into the production process in very small percentages along with other standard ingredients.

The resulting "Smart Plastic" is changing industries, positively impacting the environment and making a difference in people's lives.

SPTek

LIQUID GARD™ LIQUID ANTI-MICROBIAL ADDITIVE

Applications

- Providing long lasting protection on surfaces
- Restaurants, public dining/meeting areas, kitchens, food prep areas, walls and floors
- Schools, nursing homes, hospitals, pre-schools, changing rooms
- Public venue surfaces: restrooms, elevators, escalators, railings, stadium seating, counters

Benefits

- Works on most porous and non-porous surfaces
- Up to '5-log reduction' anti-microbial protection (99.999%)
- Long lasting (decades)
- Effective against major health threats: listeria, E. coli, staphylococcus and many 'gram-positive' and 'gram-negative' organisms

Rethinking the challenges and potential of plastic

Transforming plastics into responsible formats that reduce litter, decrease illness, combat crime, and help leading manufacturers better serve consumers and improve sustainability.

We are proud to be an American company.
