FAMILY DENTISTRY

— COREY R. ACREE, DDS —

Greetings -

Recently, the State of California lifted much of the Covid-19 restrictions including the mask mandate. However, this does not apply to healthcare settings, including dental offices, according to the California Dental Association (CDA) and the CDC, even if you are fully vaccinated.

Our office will continue to follow the recommendations of CDA to best protect our patients and team members and ask that our patients, visitors, and dental team members continue to wear a face covering while in the office. We will also continue to take your temperature, ask you to complete a Covid questionnaire and social distance as is still recommended in a dental setting. Please refer to this link for more information.

<https://www.cda.org/Search/Article-Details/ArtMID/6007/ArticleID/2764>

We will continue to monitor the changes closely and will communicate with you as soon as these requirements are lifted. Most of all, thank you for being our patient and allowing us to take care of your dental needs. We value your trust and loyalty and look forward to seeing you soon in the office. If you have any questions or need to schedule your next appointment, please call (209) 529-0674.

Sincerely,

Dr. Corey Acree and Dental Team
