THINGS TO DO AT HOME

RECITE JEREMIAH 32:17 TO SOMEONE YOU KNOW!

TODAY VICKIDS STUDIED:

God created dinosaurs and they were living creatures that roamed the earth!!!

THINK ON THIS:

THE EVIDENCE OF FOSSILS VALIDATES THE BIBLICAL ACCOUNT OF THE FLOOD!

EXPLORE TOGETHER:

Spend some time reading and learning about the different dinosaurs that roamed the earth. Check out this great website:
www.answersingenesis.org/kids/dinosaurs.
Discover the answers to the questions such as: When did dinosaurs live? What happened to the dinosaurs? Were there dinosaurs on the ark, and if so, how did they fit?

NEXT STEP:

PRAISE GOD FOR HIS AMAZING CREATIONS, ESPECIALLY THE DINOSAURS!!!

I SPENT TIME ALONE WITH GOD.

FACT: *Not all dinosaurs were large (some were as small as chickens), but scientists have found fossils of large dinosaurs that may have weighed up to 100 tons. A large elephant weighs about 7½ tons!!!*

FACT: *No one knows why dinosaurs became extinct, but it is not unusual for different species of animals to die out. In 1800, billions of passenger pigeons darkened the skies as they flew over. Passenger pigeons are now extinct, and the body of the last one that died has been "stuffed" and is at the Smithsonian Institute in Washington, D.C.*

OBSERVATIONS:

WHAT DOES THE BIBLE TEACH ABOUT OUR AMAZING CREATOR GOD AND HIS AMAZING LOVE?

RESPONSE:

IF GOD IS SO AMAZING, WHAT DO I DO EACH DAY TO SHOW HIM I AM THANKFUL FOR HIM?
