“Form & Function
Through
Art, Science & *Teamwork*”

Our community has been through a lot over the last few months, and all of us are looking forward to resuming our normal habits and routines. While many things have changed, one thing has remained the same: our commitment to your oral care and your safety.

Our office follows infection control recommendations made by the American Dental Association (ADA), the U.S. Centers for Disease Control and Prevention (CDC), and the Occupational Safety and Health Administration (OSHA). We follow and subscribe to these agencies because your safety is of the utmost importance to us. Our affiliation with these organizations ensures that we are up-to-date on any new rulings or guidance that may be issued.

Infection control has always been a top priority, and you may have noticed this during your visits to our office. We have established infection control processes that have been in place for the safety and comfort of our patients and for our own protection as well. We have added some safety controls on top of our normal procedures for added precaution and want to make sure you know what to expect as you return to see us.

We have been hard at work getting our office ready for you and we look forward to welcoming you! As you plan for your visit please make note of the following to ensure everyone's care and safety.

- Please **brush your teeth before arriving** at the office. The brushing station needs to remain closed at this time.
- Patients are required to **wear a mask when you enter the building**. Patient masks will be worn other than during their appointment.
- We have hand sanitizer that we will ask all patients to use upon entry as well as asking patients to rinse with Listerine.
- A **Wellness Screening will be performed** upon entry that will consist of taking the patient's temperature and answering a few health-related questions.
- **Social distancing, whenever possible**, will be practiced; this includes limited seating in our reception area.
- We ask that **only the patient come in for their appointment**. If a parent would like to escort their child, then only one parent will be allowed and will also be subject to the full check-in protocol, including wearing a mask. **We ask that no siblings come to the appointment.**
- **All patients/parents must complete a Supplemental Consent to Treat form before being seen. Please follow the link to complete and submit. <https://www.borntosmile.com/forms#covid>**
A minor patient without a Consent Form and no parent/guardian to complete at the office will have their appointment rescheduled.
- Appointments will be managed to allow for social distancing between patients.

We look forward to seeing you again and are happy to answer any questions you may have about the steps we take to keep you, and every patient, safe in our practice.

Thank you for being our patient. We value your trust and loyalty and look forward to welcoming you back.
