

A venue that commemorates a bygone era of invention and imagination, the melding of America's industrial past and agricultural spirit, chronicled in every board and brick; the very foundation of what is truly a unique and immersive experience.

# WEDDINGS AND RECEPTIONS

## WHAT TO EXPECT ON YOUR BIG DAY

Open-air spaces and romantic backdrops await you on your big day. Whether it's a grand ceremony under the massive brick arches, vine covered walls and fountain as your guests fan out across the promenade, or an expansive green lawn abutting our pastures and gardens, you will find your perfect setting for your wedding and nuptials. You don't have to create a backdrop to your big day here, we've already done it for you.

Following your ceremony, fan out with your bride or groom with your photographer in tow to capture your union set against a variety of architectural and organic backdrops as your family and friends mingle in the 1860's lounge, enjoying finger foods and beverages from our hand-made mobile bars. From there guests flow into the grand dining hall for dinner and drinks and then down into the industrially infused reception hall where your wedding goes into high gear.

On a cool Spring or Fall night, enjoy the warmth of a roaring fire set behind old textile mill boiler door, toast to your big day in front of the control room bar or hit the floor to dance the night away in front of the loading dock stage where your favorite DJ or band belts out your favorite tunes. Cherry Hollow Farm is truly one of a kind event space that's meant to be shared with those you love.
