Coordinator's Corner

Leaders, Directors, Teachers and Friends.

What a special blessing the first semester of the school year has been. I hope that you all are already in the holiday spirit! It's truly the most wonderful time of the year.

Highlights!

B-3 has momentum! Kids are being placed. We are offering quality professional development opportunities and streamlining our enrollment verification processes. Ready Start Tangipahoa is on the move and we are just getting started! ☺

CLASS TIP

Classroom Management

By intentionally planning for your day you send a message to your children. Your classroom can nurture, guide, excite, and connect you to your children. Our classroom culture also sends a message. Your planning should reflect the needs of your children. Are you thinking ahead to contribute to children learning how to self-regulate? Ask yourself, is this a classroom that helps children feel connected, safe, do they understand what is expected? Does the classroom invite exploration, support play? Are your expectations for their behavior appropriate? Here are some questions that children have:

- Do my feelings matter?
- Can I feel accomplished here?
- Do I fit in?
- What does "right" mean?
- Is it okay to make a mistake?
