

Hello Quarry Church!

We are excited to physically regather this Sunday, July 12th, to worship our God in the same space. We get to be together! Know that we want everybody there. However, with concerns about COVID-19, challenges with young children and the reality of Minnesota summer, we realize that regathering this Sunday will not be possible for everyone. Please follow God's lead and make the best decision for you and your family.

As we enter phase two of our regathering plan, we will continue to stream Eagle Brook Church, watching messages from their gifted teaching team and participating in musical worship. This will allow us to strengthen teams and work through critical issues as we move towards Phase 3. During Phase 2, full worship services will be hosted online at 9am AND we will be gathering, in person, to experience the same service with a few exceptions. The in person gatherings will have a live host; someone who will introduce the service and wrap things up at the end. There will be special Sundays, like this coming Sunday, when we will have live worship. The biggest difference is that we will be experiencing God's presence, together.

Since capacity is limited by state guidelines, we're using a reservation system that allows us to add additional services if needed. Our primary service will take place at 9am. Once that service fills up, we will add services as necessary. Please register [here](#) if you plan on attending in person.

To help ensure the health and safety of our church family, we're observing social distancing throughout the campus. Increased cleaning and sanitizing processes take place between gatherings and throughout the morning. A touchless experience includes doors open, offering boxes in lobby and no bulletins, handshakes or hugs. The hospitality team wears face masks. Face masks are optional but encouraged for others, especially for those who wish to sing. We ask that you don't linger in the lobby, but connect with others, underneath the awning, just outside the auditorium.

Those in a high-risk category ([see CDC](#)), who have been sick or in contact with someone sick, and those not comfortable in large groups are strongly encouraged to continue worshipping online.

FREQUENTLY ASKED QUESTIONS

How can I help as we resume on-campus worship?

We need many volunteers to ensure a safe and smooth worship experience. Two main areas of need are in [tech support](#) and [hospitality](#). Complete the linked volunteer form and we'll get you plugged into the team. Thanks for teaming up to make this happen!

What happens if I don't make a reservation or the room is full?

Those who come without reservations are seated in the Worship Center if space allows or have the opportunity to worship in one of the overflow venues with a livestream broadcast.

What about kids?

Families are encouraged to worship together. No childcare or children's ministry is offered at this time. Disposable kids activity bags are available. One of the overflow venues is family-friendly and the Parent/Child Room is open exclusively for nursing moms.

Will there be health screenings or temperature checks at the door?

All who attend are asked to self-assess prior to coming onto Quarry's campus. Those experiencing any of these common COVID-19 symptoms in the 14 days prior should stay home: a fever of more than 100.4 degrees, shortness of breath, muscle aches or a new cough. A full list of other symptoms and a self-checker assessment is available from the [CDC](#).

Will we be singing?

Singing is a core part of the Quarry's corporate worship. Because it increases respiratory droplets, those who wish to participate are asked to wear a face mask while singing.

Will there be coffee and donuts available?

Not at this time. There is no food or beverage offered on campus.

PERSONAL SAFETY CONSIDERATIONS

Your well-being is a priority. Let's all contribute to safe environments, whether we're at home, school, work or church. Reminders for good respiratory etiquette and hygiene:

- When possible, avoid close contact with people who are sick.
- [Wash your hands](#) thoroughly and often or use hand sanitizer.
- Wear a cloth face covering over your mouth and nose when social distancing is difficult to maintain.
- Avoid touching your eyes, nose and mouth.
- Stay home when you are sick.
- Avoid shaking hands, hugging and other unnecessary contact.
- Clean/disinfect frequently touched objects and surfaces using a household cleaning spray or wipe.

Important Precaution

There's a possibility of contracting COVID-19 in any public place, including Quarry Church. While preventative health and safety measures are being taken to reduce the spread of COVID-19 on campus, those who attend do so at their own risk. (See [CDC](#).)

UPDATES

Like many of you, Quarry Church is paying attention to updates from organizations who are monitoring the illness, like the Minnesota Department of Health (MDH), Centers for Disease Control & Prevention (CDC) and World Health Organization (WHO).

We recognize that there are cases of those severely impacted by this virus. Continue to be diligent, stay informed and pray for families and regions that are especially experiencing the effects at this time.
