

# A secure tool to request drug discounts at the point of sale

Audience

**Providers**

Discount programs

**340B**

Availability

**Available now**

Managing your discount requests across all your manufacturer partners is time-consuming. Juggling complex processes across disparate platforms takes you away from what you do best - delivering quality care to your patients. Imagine requesting your 340B Program discount at the moment you dispense a drug and never having to track packages and accumulation anymore.

## Eliminate drug discount request uncertainty

Kalderos Request is a secure and intuitive tool that enables providers to request drug discounts at the point of sale.

## Request payment from manufacturers on one single platform

Request, and its manufacturer companion tool, Pay, enables providers to work with many manufacturers and states on a single platform to prevent noncompliance.

## Avoid delays in getting your discounts

Get your 340B Program discount at the moment you dispense a drug and make packages and accumulation a thing of the past.

# A secure tool to request drug discounts at the point of sale

## Benefits

### Cash payment for discounts

Get direct payments for 340B discounts from multiple manufacturers instead of credit toward future purchases.

### Transparency throughout the discount cycle

Gain a clear line of sight into your discount requests. And with up-to-date reporting, you'll never doubt the status of your claims.

### Request discounts by units — not packages

Request your 340B Program discount when you actually dispense a drug, eliminating the need for accumulation of a whole package.

### Preparation for audits

Support your compliance recordkeeping with a single source of truth for all your 340B dispenses, regardless of pharmacy or 340B administrator.

## Key features

### Easily reverse eligible dispenses

With Request, you can work with manufacturers to correct and resolve incorrect discount requests, ensuring you get the right discount for your claim.

### Clear remittance advice

View detailed information with each payment you receive, including which requests were paid, not paid and a clear explanation why.

### Seamless collaboration

Don't manage programs alone. Invite and collaborate with other members of your organization, as well as outside partners, like TPAs, to request discounts.

### Flexible request methods

Manually request discounts in the Request tool or upload an Excel template to do batch requests.
