

# Streamline your access to 340B savings.

Inventory. Contract negotiation. Compliance.  
Managing your contract pharmacy partnerships  
is complicated, but it doesn't have to be.

## Meet Kalderos Request.

This easy-to-use, platform-based tool enables 340B covered entities to request and receive rebates directly from the manufacturer on drugs dispensed from contract pharmacy inventory.

This approach ensures that savings flow toward the covered entity, not away. Built-in checks support a flawless compliance program. And rebates are paid in an average of 24 days.

### Kalderos Request for 340B Pay

Built on Kalderos' modern, cloud-based digital platform, Request is the only tool on the market that enables providers to receive direct payment of 340B rebates on contract pharmacy dispenses.

# Make the most of your contract pharmacy

## Remove inventory hassles

No more ship-to bill-to, worries about accumulation or periodic true-ups. Freedom from inventory makes managing your program easy.

## More cash on hand

According to independent research, the Kalderos rebate model has a positive impact on cash flow as compared to the current model.

## Automate compliance

Built-in compliance checks and a clear record guarantees compliance from all parties, so you get what you're owed and your audit paperwork is airtight.

## Build your pharmacy network

Make things easier on your contract pharmacies with Request: streamlined inventory, easier compliance, more volume-based discounts.

# Request and your workflow

## 3 ways to request

Manually request a discount, upload an Excel template for batch requests, or connect to our API.

## Minimal fields to fill

Enter your 340B ID, drug NDC, fill date, pharmacy NPI, prescriber NPI, Rx number and units. Minimal PHI, no HIPAA concerns, fast and easy.

## Transparent remittance advice

With each payment cycle, receive a searchable, accessible summary of exactly what you were paid on each claim.

## Collaboration is easy

Invite your coworkers and outside partners and assign permissions for a clear shared view of where your discounts stand.
