

Simplify the good faith inquiry process.

Responding to good faith inquiries from multiple manufacturers in different formats is tedious and time-consuming. It takes time away from patients. But there's a better approach.

Welcome to Discount Hub.

Kalderos Discount Hub is an easy-to-use, platform-based solution that enables 340B covered entities to respond to good faith inquiries quickly and easily, using a single, streamlined touchpoint.

Discount Hub reduces complexity, minimizes paperwork and makes 340B compliance less stressful for busy healthcare professionals, so they can spend less time on paperwork and more time on patients.

You have 4 accounts to review

340B ID	Oldest Batch	Newest Batch	Claims to Review

The power of the platform

Kalderos for Covered Entities is powered by Kalderos' modern, cloud-based digital platform, utilizing a powerful data engine with gold standard data validated by every party in the drug discount workflow.

High-tech tools for a better 340B

Tech-enabled accuracy

With advanced algorithms and machine learning to identify high-risk claims, you can quickly and easily identify potential weak points that random sampling might miss.

Effortless compliance recordkeeping

Discount Hub provides your historical data set at your fingertips, effortlessly documenting your prior responses and your record of commitment to good faith compliance.

See your impact

Users can access the Impact Summary Dashboard and see how much systemic noncompliance has been identified by Kalderos covered entity users.

Discount Hub and your workflow

Clear claims summary

Claims suspected of being duplicate discounts are regularly loaded into your Discount Hub, and claims data is organized into a consistent set of fields.

Team collaboration

Invite both team members and external partners so everyone is on the same page.

Simple response options

Provide a "Yes" or "No" response to each claim, or utilize additional options to ensure an accurate response.

No PHI required

Discount Hub doesn't use PHI. Claims data contains no patient information, eliminating any concerns about HIPAA compliance.

Next steps

The 340B program provides essential support to safety-net healthcare providers and the vulnerable communities they serve. When you respond to good faith inquiries, you help ensure the program can work as intended. If you'd like access to Discount Hub to view the potentially duplicate Medicaid claims we've identified for your organization, please email support@kalderos.com and we'll send you an email invitation to register (this is the only way to gain access to Discount Hub).
