

We want you to grow with us

At LivingPackets, we want to make the world a better place and people's lives easier. To do so, we have invented THE BOX: A sustainable, secure and smart packaging solution, that eliminates all packaging waste created by global e-commerce, is highly convenient to use, and enables fantastic new digital services.

Security Architect (m/f/d)

We offer

- ✔ A real cause: help save the world from cutting millions of trees, (packaging) waste and transform it into a circular economy
- ✔ Shape a purpose driven form of capitalism which we call profit sharing economy
- ✔ An international team of exceptionally talented, motivated, creative and dedicated people
- ✔ A flexible work culture with focus on growth, passion and a respectful mindset towards your environment
- ✔ A cool office in Kreuzberg, the real heart of Berlin :-)

You bring

- ✔ A BA/BS degree in Computer Science or equivalent work experience
- ✔ CISSP/CCSP/CSSLP certification is a bonus
- ✔ Multiple years of experience in a security or information technology related field, information security and IT risk management
- ✔ Expert knowledge/background in secure code authentication/ attestation and chains of trust
- ✔ A deep understanding of security engineering principles and best practices relating to PKI compliance, network/systems security, encryption and identity access management
- ✔ In-depth knowledge of security protocols such as OAuth2, OpenID, x.509, TLS, TCP/IP, SSH
- ✔ Fundamental understanding of security regulations such as PCI, GDPR, ISO27001
- ✔ Working knowledge of Go, NodeJS, Python, C/C++, Rust or other languages
- ✔ Strong knowledge of threat detection, identification and remediation
- ✔ Experience deploying security solutions within cloud environments such as AWS, Azure, GCP
- ✔ Experience with Containers and K8s
- ✔ The ability to solve security problems with multiple solutions and thoroughly explain the risks and tradeoffs of each.
- ✔ Fluency in English is required
- ✔ German and French is a major plus
- ✔ Strong communication skills

Your responsibilities

- ✔ Eventually build a team that below responsibilities can be delegated to
- ✔ Leads the from the front in the implementation of security best practices
- ✔ Builds practices and procedures designed to delivery security by design as a core principle in software development
