

We want you to grow with us

Hello! Would you like to join a startup where your passion and creativity will matter more than your title or tenure? A place where everyone communicates at eye-level? An environment where sharing is the focus above all? LivingPackets might be the place for you.

Since 2016, we've been developing the most advanced, smart, secure, and sustainable packaging solution ever: THE BOX. Robust and reusable, with a whole range of services and systems supporting it, we believe it will change the e-commerce industry. Having grown from a small research group in France to an international team of over a hundred brilliant, passionate, and creative minds, we are now very close to our next goal: mass production.

We want to reinvent packaging and logistics, and reimagine the e-commerce industry. We want to drive the world towards a fairer, circular profit-sharing economy.

Will you join us?

Embedded Developer (m/f/d)

We offer

- ✔ A real cause: help save the world from cutting down millions of trees, cardboard and plastic waste, and transform it into a circular profit sharing economy
- ✔ The unique chance to be directly involved in the growth phase of LivingPackets
- ✔ A flexible work culture with a focus on growth, passion, fairness, and environmental awareness. A place where your initiative and hard work is valued more than anything else
- ✔ An international team of exceptionally talented, motivated, creative and dedicated people
- ✔ The option to work in our Berlin, Paris or Nantes offices, or remotely

You bring

- ✔ A passion for technology
- ✔ Embedded development and C/C++ experience
- ✔ Willingness to learn new programming languages if necessary
- ✔ A quick adaptation to changes to requirements
- ✔ An organized, motivated and independent working style
- ✔ Preferably, but not obligatory:
 - Golang experience
 - Backend development experience
- ✔ Fluency in English and German is required, French or other languages are a plus

Your responsibilities

- ✔ For venture development, our purpose translates into solving daily business, social, and ecological challenges to roll out our transformational platform
- ✔ Support the VP Business Development in tackling complex market entries, key partnerships, and finding superior solutions in a fast-paced environment
- ✔ Travel to our partners all over the world to assist them with any issues pro-actively

Join us now

Have we aroused your interest? Then we look forward to seeing your application! Please write your heart out, and state the earliest possible start date for you, and your salary expectations.

If you have any questions in advance, Suk-Jung Kim will be happy to assist you via email. jobs@livingpackets.com
