

# We want you to grow with us

Hello! Would you like to join a startup where your passion and creativity will matter more than your title or tenure? A place where everyone communicates at eye-level? An environment where sharing is the focus above all? LivingPackets might be the place for you.

Since 2016, we've been developing the most advanced, smart, secure, and sustainable packaging solution ever: THE BOX. Robust and reusable, with a whole range of services and systems supporting it, we believe it will change the e-commerce industry. Having grown from a small research group in France to an international team of over a hundred brilliant, passionate, and creative minds, we are now very close to our next goal: mass production.

We want to reinvent packaging and logistics, and reimagine the e-commerce industry. We want to drive the world towards a fairer, circular profit-sharing economy.

Will you join us?

## Developer, Integration Team (m/f/d)

### We offer

- ✔ A real cause: help save the world from cutting down millions of trees, cardboard and plastic waste, and transform it into a circular profit sharing economy
- ✔ The unique chance to be directly involved in the growth phase of LivingPackets
- ✔ A flexible work culture with a focus on growth, passion, fairness, and environmental awareness. A place where your initiative and hard work is valued more than anything else
- ✔ An international team of exceptionally talented, motivated, creative and dedicated people
- ✔ The option to work in our Berlin, Paris or Nantes offices, or remotely

### You bring

- ✔ A passion for technology
- ✔ General programming experience
- ✔ Willingness to learn new programming languages if necessary
- ✔ Quick adaptation to changing requirements
- ✔ You are a team player
- ✔ An organized, motivated, and independent working style
- ✔ Preliminary, but not obligatory:
  - Golang and C / C ++ experience
  - Embedded development experience
  - Backend development experience
- ✔ Fluency in English. German and French are a plus

### Your responsibilities

- ✔ Spread our sustainable packaging solution by creating software that helps our partners integrate it into their existing systems
- ✔ Help create a smooth shipping experience for our partners and end customers alike
- ✔ Dive deep into the world of software, hardware, e-commerce and logistics
