

We want you to grow with us

Hello! Would you like to join a startup where your passion and creativity will matter more than your title or tenure? A place where everyone communicates at eye-level? An environment where sharing is the focus above all? LivingPackets might be the place for you.

Since 2016, we've been developing the most advanced, smart, secure, and sustainable packaging solution ever: THE BOX. Robust and reusable, with a whole range of services and systems supporting it, we believe it will change the e-commerce industry. Having grown from a small research group in France to an international team of over a hundred brilliant, passionate, and creative minds, we are now very close to our next goal: mass production.

We want to reinvent packaging and logistics, and reimagine the e-commerce industry. We want to drive the world towards a fairer, circular profit-sharing economy.

Will you join us?

Android Developer (m/f/d)

We offer

- ✔ A real cause: help save the world from cutting down millions of trees, cardboard and plastic waste, and transform it into a circular profit sharing economy
- ✔ The unique chance to be directly involved in the growth phase of LivingPackets
- ✔ A flexible work culture with a focus on growth, passion, fairness, and environmental awareness. A place where your initiative and hard work is valued more than anything else
- ✔ An international team of exceptionally talented, motivated, creative and dedicated people
- ✔ The option to work in our Berlin, Paris or Nantes offices, or remotely

You bring

- ✔ You have a passion for technology
- ✔ You can create pixel-perfect code from sketch files
- ✔ You can build large scale applications in an iterative, test-driven way
- ✔ You are a team player
- ✔ You can write clean, high quality, testable, and maintainable code
- ✔ You have an organized, motivated, and independent working style
- ✔ You can write clean code
- ✔ You are fluent in English
- ✔ German and/or French language is a bonus

Your responsibilities

- ✔ Shape the future of LivingPackets and THE BOX by helping create the core apps for our services
- ✔ Give people intuitive access to packing, shipping and tracking features and full control over their shipments at any time
- ✔ Work hand in hand with the product owner and our developers and play an important role in the evolution of our mobile platform
- ✔ Dive deep into the world of e-commerce and logistics
- ✔ Help build our brand as a company that brings smart and sustainable solutions, and design a product that people will love to use
