We want you to grow with us

Would you like to join a startup where your passion and creativity will matter more than your title or tenure? A place where everyone communicates at eye-level? An environment where sharing is the focus above all? LivingPackets might be the place for you.

Since 2016, we've been developing the most advanced, smart, secure, and sustainable packaging solution ever: THE BOX. Robust and reusable, with a whole range of services and systems supporting it. We believe it will change the e-commerce industry. Having grown from a small research group in France to an international team of over a hundred brilliant, passionate, and creative minds, we are now very close to our next goal: mass production. We want to reinvent packaging and logistics, and reimagine the e-commerce industry. We want to drive the world towards a fairer, circular profit-sharing economy.

UI Designer - Web (m/f/d)

We offer

➔ A real cause: help save the world from cutting down millions of trees, cardboard and plastic waste, and transform it into a circular profit sharing economy
➔ The unique chance to be directly involved in the growth phase of LivingPackets
➔ A flexible work culture with a focus on highest quality, trust, growth, passion, fairness, and environmental awareness.
➔ A place where your initiative and hard work is appreciated and where responsibility needs to be taken - instead of given
➔ An international team of exceptionally talented, motivated, creative and dedicated people
➔ Unique ways for you to grow beyond your own limitations

You bring

➔ A combination of relevant education and a few year of experience developing user interfaces with an emphasis on web platforms.
➔ A strong portfolio of thoughtful interface design projects, showcasing creative and innovative web design.
➔ Proficiency with modern UI design tools as well as interaction and hand-off tools (Sketch, Flinto, Principle, Zeplin).
➔ Cherry on top: sound HTML & CSS knowledge with willingness to learn Webflow.
➔ A problem-solving mindset, as well as the ability to make decisions in a fast-paced environment.
➔ Fluency in English. German and/or French would be a plus.

Your responsibilities

➔ Create wonderful, pixel-perfect user interface designs for our web application.
➔ Create web UI mock-ups and prototypes.
➔ Develop design assets, icons and other design elements in line with the LivingPackets brand.
➔ Work in close collaboration with agile product teams throughout the development process from concept to launch.
➔ Be a proactive member of the UX/UI Design team, sharing ideas and knowledge. Offer constructive feedback in meetings, discussions, and at design reviews.
➔ Translate our UX design efforts into working and emotionally striking user interfaces.
