

We want you to grow with us

Hello! Would you like to join a startup where your passion and creativity will matter more than your title or tenure? A place where everyone communicates at eye-level? An environment where sharing is the focus above all? LivingPackets might be the place for you.

Since 2016, we've been developing the most advanced, smart, secure, and sustainable packaging solution ever: THE BOX. Robust and reusable, with a whole range of services and systems supporting it, we believe it will change the e-commerce industry. Having grown from a small research group in France to an international team of over a hundred brilliant, passionate, and creative minds, we are now very close to our next goal: mass production. We want to reinvent packaging and logistics, and reimagine the e-commerce industry. We want to drive the world towards a fairer, circular profit-sharing economy. Will you join us?

Team Lead Frontend (m/f/d) React

We offer

- A real cause: help save the world from cutting down millions of trees, cardboard and plastic waste, and transform it into a circular profit sharing economy.
- The unique chance to be directly involved in the growth phase of LivingPackets.
- A flexible work culture with a focus on growth, passion, fairness, and environmental awareness. A place where your initiative and hard work is valued more than anything else.
- An international team of exceptionally talented, motivated, creative and dedicated people.

You bring

- Relevant experience in building and leading a small but effective team
- Creativity and experience for ideas to further improve our modern Frontend stack architecture
- A passion for technology and new trends - expanding beyond your own field
- Experience with modern React and TypeScript in production
- In-depth understanding of the entire web development process (design, development, and deployment)
- A problem-solving mindset, as well as the ability to make decisions in a fast-pace environment
- Experience with integrating with REST APIs
- Excellent analytical and multitasking skills
- Team player personality with strong communication skills
- Fluency in English. German and/or French is a plus

Your responsibilities

- Pave the way for your team to excel and learn together
- Maintain, improve and extend our SPAs, along with tests
- Maintain and improve stability, code readability, and finally performance
- Make features available, based on continuous feedback, for users, customers and partners of THE BOX and LivingPackets
- Ensure high quality graphic standards and brand consistency
- Collaborate closely with other teams to improve ease-of-use
- Take our impulses, vision, and business requirements and turn them into solutions
- Optimize applications for maximum speed
- Share our values and actively uphold them, while you work on shaping the company and the product together with us
