**FRIDAY, APRIL 9, 2021**

## **CSS' Participants Share in the Fun at Circles of Support Celebration Friday, April 9th.**

This year's Circles of Support Celebration will feature a performance by some of CSS' Residential participants! They wanted to join in the fun and help celebrate 40 years of service.

Performing in front of a camera can be difficult for anyone, but the participants dressed to the nines, rose to the occasion, and created a wonderful musical performance that will kick off the evening's program.

Register today to see their hard work. You will receive a link to this virtual event on April 9th at 7:00 p.m., CST. Admission is complimentary.

Each year CSS serves more than 500 individuals with intellectual/development disabilities across 50 communities. Revenue provides important programs that are crucial for our community but are unfunded or underfunded. These include Residential and Independent Living Services, CSS Academy Programs, Nursing Services, Supported Employment, and Transportation.

CSS owns and operates eight group residential homes and provides round the clock care for its 40 residents. Additionally, 38 participants live independently in the community with intermittent support.

**CSS is very excited to receive a three year accreditation from  
CQL – Council on Quality and Leadership.**

This spring, CSS Received a new 3-year accreditation for services. CQL is an international accreditation agency and was a fit for CSS because their accreditation process is supportive, with a partnership that will provide guidance and resources. CQL is known for being a model of best practices and quality improvement. [Check out the full article here!](#)
